Now Look What We've Done

We all expected changes, but none of us was quite prepared for what we would see as we entered Carlynton Jr./Sr. High School on August 26, 1986. The changes were apparent — from the building, to the curriculum, and even in the people.

Over the summer many worked on the school, preparing it for the year to come. A bright CHS exploded from the walls inside each of the front doors, and the halls were freshly painted with stripes of green and gold. The Jr. High office was relocated upstairs. The business and guidance offices were also moved, making space for an extra classroom downstairs. As the year proceeded, a mysterious cougar entered the school and left its tracks across the walls, causing us to wonder, "Where did it come from and where did it go?" The mural in the cafeteria exemplified the creativity and initiative found within the school.

To regenerate the G.A.T.E. program, students organized a literary magazine, **Expressions** *— another first for Carlynton. The school board ruled that underclassmen needed an increased number of credits to graduate thus incorporating a more expanded curriculum.*

Our new superintendent, Dr. Ameruoso, met many students and experienced Carlynton's atmosphere for the first time. His interest in the students went far beyond his office walls. Dr. Ameruoso gladly welcomed input from his newly formed Student Advisory Board.

Not only have there been physical changes within the school, but there have also been important emotional changes within each student. For the seniors, the main question is no longer, "What club should I join?" Attention is now focused on the future, the world beyond high school. "What am I going to do with the rest of my life?"

The 1986-87 yearbook also hopes to reflect these changes. We too have revised our format, expanded our coverage, and heralded new leadership. As always the intent of the yearbook is to highlight the building and the staff and the activities; but this year it also salutes the individual Carlynton student. And so Reflections '87 is dedicated to you, the student — to make you stop and think about yourself and all you have accomplished. Take some time and LOOK WHAT YOU'VE DONE!

A Royal Presentation

Homecoming 1986-87

On October 3, 1986, as the Cougars played hard against the Serra Eagles, anxiousness was building in everyone. The crowning of the Homecoming Queen was the big feature at halftime. Sue Denk, the 1985 Homecoming Queen, escorted by her father, was honored. Then, the five semi-finalists were announced. They were Rhonda Becker, Kelly Butts, Amy Chasky, Amy Mulligan, and Kathy Smith. As the tension mounted, the finalists were escorted through the arch. The moment finally arrived . . . 4th runner-up, Nicole DeAugustine, escorted by Brian Stokes. 3rd runner-up Sue Palombi, escorted by Kevin Pointer. 2nd runner-up, Lisa Lay, escorted by Mike MacFarland. With only two girls remaining, silence spread throughout the crowd. 1st runner-up . . . Amy O'Shea, escorted by Bobby Gentile. The 1986-87 Homecoming Queen was Cheryl Campbell, escorted by Joe Sepan.

Congratulations to all the girls!

Senior Pep Rally

Carlynton seniors are definitely into competitive sports. Not only do they enjoy watching the games, but they also enjoy getting involved in the pep rallies — in an unusual way. Students trade places with members of the opposite sex to create a very "different" pep rally.

Classy cougarettes and energetic cheerleaders graced the sidelines with unmistakable enthusiasm. They cheered with the underclassmen as the fearless Cougars battled South Park. Coach Yost watched the game with anxiety. Would the girls win? He breathed a sigh of relief when it was over. South Park was defeated. And the pep rally was a success.

School Spirits

Witches, devils, and ugly monsters creeped through the halls. Clowns jumped from one place to the next, and a bag of jelly-beans narrowly escaped capture by a hungry spook. Famous personalities dropped by — Ernie and Bert, The Muppets, Mickey Mouse, and the Fruit of the Loom Guys. President Reagan made an appearance. The excitement even attracted a toothbrush with a tube of toothpaste from a bathroom shelf.

This was Carlynton's Halloween Masquerade. Seniors, eager to try their hands at creating costumes, gladly participated in the event. Several teachers dressed up, too, and conducted classes as well as they could in bird and elephant suits. It was obvious that everyone had "school spirits"!

The saga of summer camp and the preparation for the new year . . .

While most people spend their summers at the pool tanning their bods, a few dedicated souls sweated it out at CHS.

The football team worked long hard hours to ready themselves for the 1986 season.

The cheerleaders practiced chants and cheers for the various sports, but always found time to have fun.

The maintenance people and the custodians toiled endlessly to make sure that the school was cool for the arrival of the students.

The yearbook staff began the never ending tale of deadlines, "Where is the *!*?!* picture?", and "What's another word for . . . "

COMMUNITY

Community is many things. Above all a community is people. Carlynton is a triad of three boroughs: Carnegie, Crafton, and Rosslyn Farms. All three have libraries, parks, and community centers where cultural and family activities happen.

Crafton has it Arts in the Park where nationally and locally known performers appear. Rosslyn Farms has many community activities in the park such as, The Easter Egg hunt, the "Sing Along" around the Christmas tree, and speakers throughout the year at the Community Center. Carnegie has the Carnegie Symphony which performs regularly in the auditorium of the Carnegie Library, as do many other cultural activities. All three have their big day — The 4th July — in their parks, where family and friends gather for the festivities and fireworks. Our communities contribute to the growth and development of the Carlynton students. We thank them for providing opportunities that have enriched their lives.

Soccer is a team sport which requires coordination on all positions of the field. The members work together by responding to each others signals and signs. The defense and the offense join together in a group effort at making goals.

Led by returning co-captains John Spadaro and Brian Stokes the Carlynton Varsity Soccer Team improved their record to 4-6-2. Unfortunately, the team peaked at the middle of the season with a crushing victory over section rival Canevin. An excellent performance was put forth by Brian Stokes who scored 18 goals.

The girls' basketball team, under the forth year coaching staff of Bill Tomasic and assistant coach Dom Nicoletta, saw another successful season. The team was young but showed their aggressiveness and ability to work together. We had our doubts at the beginning of the season, due to the fact of losing six valuable seniors last year, but during the practices the girls realized there was alot of talent that had been gained.

The girls finished their season with a record of 12 and 7, which placed them third on their section. This opened their way to the playoffs again for third year in a row. The team had to physically and mentally prepare themselves for what was ahead of them. See girls, "all the hard work sweat, tears, and headaches was well worth it!" The team shared many experiences they will never forget . . . All the pediddles, the head phones, the "Our Father" and of course, "Let's Doit guys!"

Amazi?ng is only one of the adjectives that could be used to describe this year's varsity basketball team. After last year's dismal season, the Cougars moved from Class AAA to AA. Last year's record was forgotten dues to this year's record of 17-5. Our Cougars managed a 9-3 section record and earned a spot in the WPIAL playoffs.

The team is led by four seniors: Jim Bogdan, Phil Butler, Tim Marshall, and Craig Sonson; 8 juniors: Stan Carson, Sam Dalby, Dave Horak, Mike Kozy, Mike Moehring, John Pockets, Lamar Ragland and Rich Sonson; and 1 sophomore: Brian Mickens.

The J.V. team also proved worthy with a record, gutsy team play and hustle. The J.V. team consisted of the juniors listed above with J.M. Peretin and sophomores Dave Dorman, Steve Farrell, Mike Gildea, Larry Gump, Chris Herleman, Brian Mickens, Steve Smith, Bob Stewart, John Twyman, and Noel Twyman.

The team would like to thank all of the fans and Mr. Sonson & Mr. Fox for their time and guidance.

They were: Keith Brown, Jackie Cardello, Matt Ravenstahl, Dave Schepner, and Greg Kunkel.

With a limited number of swimmers, the team showed alot of talent and pride throughout the season. Carlynton would like to wish the best of luck to a winning tradition.

The 1986 Girls' Tennis represented all the qualities needed to make a good team.

In 1986 we had to replace four out of seven players from last years team. This was even more difficult because the four included the number 1, 2, & 3 singles players. But they overcame that obstacle thanks to the strong returning letter winners.

Although everyone seemed to improve during the season, the lack of experience hurt the team in tough matches. The teams overall record was 4-7.

As for the 1987 season they have unquestionably a good chance to be section champs.

The team was comprised of: First Singles — Jennifer Swenn; Second Singles — Melanie Grandjaques; Third Singles — Laura Zivkovich; First Doubles; Amy O'Shea, Erika Szabo; Second Doubles — Marla Yustak, Ashley Turnbull, Nima Patel

The Junior High Girls' Basketball Team started the year with alot of promise. Their defense helped isolate many key opposing players and their tactics intimidated the other team. The team was very proud of their 12-1 record for this season. The 9th grade team was WPIAL section champs. The girls' were very thankful to all the fans that supported them.

The future looks bright for many Jr. High football players at Carlynton. Although the Jr. High team does not get as much recognition as they should, there is much work involved. And for those who feel Jr. High is not good enough, you're wrong. Everyone has to start somewhere and work their way up. The Jr. High team is where it begins.

Not everyone is fully able to appreciate art. The members of the Art Club, however, are not only able to appreciate it, but are also able to experience it during meetings. With sponsor, Mrs. Schwilm, as guide, these students journey through a world where drawing is the universal language.

Aside from learning about mediums and techniques, the Art Club sponsored activities. The students sold boxes of M&M's early in the year. Proceeds from the sales funded field trips to the lazarium and the museum during which the students had the chance to view different forms of art. The members enjoyed a year of good times and growth in the knowledge and application of art.

Volleyball

Power is the name of the game. And the members of this club have it. Whether they were volleying for the serve or trying for game point.

Under the supervision of Miss Ripple, the students in the volleyball club practiced a number of skills to perfect their game. Often the play became hectic as the determined members faught to win. Close scores were common. However, no one carried grudges off the court. The students played to have serious fun.

These students realized that "you don't get any more out of it than what you put into it." So they were ready and willing to drive into a project that would combine their talents and prove how special Carlynton is. Their goal was to sponsor at least one activity a month that would help to improve the "image" of our school.

With the help of sponsor Mrs. Muraco, the members organized the first annual talent show. It provided a chance for people to say, "Yes, I like this school. I'd like to give it something." Many students met the challenge, went ahead and preformed.

The club also offered "Valen-grams", messages that were sung, danced, or acted out for special people for Valentine's Day. They were a big hit. The blushing faces and entertaining songs made the holiday fun.

No doubt about it, the Image Club worked hard. And all the work paid off. The "image" was raised.

F.B.L.A.

The churning depths of business are very serious subjects for many people. However, they are not as frightening as the average student might think. Members of the Future Business Leaders of America realized that business is not something to be taken lightly, it is interesting and can be fun.

The purpose of the club, as stated by co-sponsors Mrs. Apple and Mrs. Nazar, are "to develope competent leadership in students majoring in the business curriculum, and to develop qualities necessary in becoming a responsible business leader." These goals were accomplished not only by club meeting discussions, but also by participation in different projects, such as a luncheon for the secretaries and a hosted regional competition involving seven schools. Fund raisers included bake sales and candy sales.

The F.B.L.A. members had fun while learning about an important subject. The skills they learned have provided the base for successful business careers.

French

"Bonjour! Parlez-vous francais?" The members of the French club certainly do. Sponsored by Madame Cumo, the club is more active than ever. Their trip to Washington D.C. was funded by their annual candy bar sale that the Carlynton students anxiously await each year. The French IV members performed a version of *The Nutcracker,* starring the Muppets, at Crafton Elementary, they had their annual "breakfast club" meeting with French bread, croissants, and hot chocolate. "The Patisserie was a huge success as always. To further promote the knowledge of French culture and customs, Madame Cumo invited French foreign exchange students to speak to the club members." It proved to be interesting and fun for all thanks to Madame Cumo and the officers.

German

"Deutsch" and "Viel Spass Haben" may seem like a lot of mumbo-jumbo to the ordinary student. But the words for "German" and "have much fun" were special to German Club members. For one thing, they understood the meaning of the words. And for another thing, these students had a lot of fun while learning about another culture. Members participated in a variety of activities during the club meetings. Sponsor Miss Spitzmagel and the students made German potato pancakes, played charades, and painted scenery for their Christmas presentation at the Crafton Elementary. The "Gummi Bear" sale was also a success. The money the club made helped to fund their monthly projects. No matter what the activities, the members of the German Club had a lot of good times. It's no wonder that "deutich" and "viel Spass haben" were their favorite German words!

Spanish

Hola! Welcome to the Spanish Club! "What's this I hear? Scandal! Were the elections fixed? What will we do now?" The Spanish Club has some problems with the officer's election, but it was nothing the members couldn't handle. They recovered from their troubles and spent a year of fun.

In planning for their trip to a Spanish restaurant, the students decided to sell Reese's peanut butter cups; sponsor Mr. Romano approved of the daring switch from the usual hard candy stick sale. The money provided for a spicy and memorable meal that everyone enjoyed.

Each month presented the club with an hour of new ideas and different activities. Despite the uncertain beginning, the Spanish Club was a success.

Outdoors

"It's not a job, it's an adventure." This could have been the motto for the members of the Outdoors Club. Every month this group of exciting students met with sponsor Mr. Povlick to discuss the various aspects of the wide-open spaces. First-hand experience with ice skating and other activities resulted from fund raisers held throughout the year. Whether exploring caves, white water rafting, or repelling down mountains, this nature loving bunch has a fun filled future.

A number of dedicated members worked out regularly after school. Their work resulted in a competition that was held in the spring.

Photo

After having a successful Coupon Power book drive the Photo Club was excited to start clicking away, sponsored by Mr. Bercelli, the members of this club learned the techniques behind great picture-taking. The secrets of focusing, lighting, and film development filled the club meetings every month. Eventually the members learned enough to use the dark room.

"Backstroke! Side stroke! Front stroke! Wait there is no front stroke!" The members of the Swimming Club not only learned about the sport, but also exercised their swimming abilities during the meetings. Practices included everything from kicking techniques to swimming to music. Sponsors Mrs. Pruner guided the students on the way to better swimming. She also made certain that no members of the club would think that there was such a thing as a front stroke.

Board Games

One day it was the fantasy of "Dungeons and Dragons". The next, it was the battlefield of "Stratego". This club, sponsored by Mr. Dumire, opened the doors to a world outside that of school life. Every month the members met to play mind-boggling games that tested each individuals will. Competition was fierce. But when the time came to leave the fantasy and games behind, the students gave up their calculating abilities to become normal, unassuming people once more.

Chess

Where do students go to learn about medieval tactics? History class maybe. Some students may feel their curiosity not satisfied with mere classes. They discover the basics by joining the Chess Club.

The training began as the students learned the meaning of each chess-piece. From there the training became gruesome. The members of the Chess Club continually battled for checkmate. Mr. Gearing bravely supervised the fighting and organized tournaments for the apprentice players. The students eventually proved themselves worthy of knighthood. They left the club and entered the world, pawn in hand, ready to defend their titles.

Sports Video

The Sports Video Club was made up of a group of technologically-minded students. During club periods these students entered the "Video Zone". Mr. Yost, the sponsor, taught the students how to properly use such equipment as the video camera and VCR. The students eventually learned to tape school sports and other school activities.

Sewing

The Sewing Club is open to junior and senior high school students. There were several people in the club this year. Mrs. Smith, the sponsor, started off the year by teaching the students some of the basics. They learned how to sew many different stitches by hand and by using a sewing machine. As the year progressed the club members were taught more complex things such as making clothing from a pattern.

The sewing club has developed in an interest and skills in the areas of creative design and the use of textiles. Perhaps someday these students will be the leading textile manufacturers of America.

After sufferin through thirteen years of continous schooling, seniors want more than just average activities. They want to have fun. They instinctively turn to four people they trust to plan the good times — the Senior Class Officers. And this year the officers answered the calls for fun with plenty of enthusiasm.

The officers paid attention to all the details that belong to any senior class — the measurements for caps and gowns, and so on. But they did not get bogged down with the details. Along with Mr. Torcasi, the officers sponsored the t-shirt sale and held fund raisers to pay for the senior class picnic.

Every activity planned went smoothly. The officers carried out their duties well. Thanks to their efforts, the seniors celebrated their last year in memorable style.

Organizations

Organizations

School is an institution of learning. That does not mean that it must be boring. In fact, many safe guards have been set up over the years to prevent the doldrums. The most effective safeguards included the Junior Class Officers.

The Junior Class Officers organized several activities that were exciting and fun. One example is Home Coming, An event traditionally planned by juniors. Junior Class sponsor, Mr. Peter Povlick, has witnessed quite a few home comings. What was special about this one? "Out of all the Junior classes I've sponsored, this one did the best with the decorating and planning." Mr. Povlick said. "Everything went well."

Home coming was not the officers only project. They also planned the Prom. Due to their originality in theme and wonderful organization, the big night was a huge success.

It did not take long for interested detectives to discover who was responsible for the number of dances throughout the year. After a short but thorough investigation, the detectives uncovered the following facts:

(1)Dances ranging from the Sadie Hawkins to the Valentine's Day Celebration were enjoyed by all students who attended;

(2)The decorations and refreshments were great;

(3)The Sr. High Student Council was responsible

The detectives wanted to know more about this organization. They found that:

(1)The members met frequently with sponsor, Mrs. Lusk;

(2)These students practiced wonderful leadership and organizational skills;

(3)The activities that were planned for the student body were always fun.

The investigation was successful. The detectives found out all they wanted to know.

National Honor Society

These students take their education seriously. The work shows in their grades and personal achievements.

Inducted in May of their Jr. year, the members became involved in the traditional volunteer work that is reserved for the N.H.S. Their jobs included directing visitors at the Open House in October and helping at a Fund Raiser for the Carnegie Library. Their exceptional grades provided the chance to earn money through scholarships.

Fourteen students didn't expect the recognition they received, however, their special talents were appreciated. The induction ceremony was only the beginning of a road to success.

Student Advisory Board

The Student Advisory Board, made up of a group of students chosen from the National Honor Society, Student Council & Class Officers, met throughout the year with Dr. Ameruoso to discuss issues affecting the student body. Dr. Ameruoso organized this board to maintain on open-door policy with Carlynton's students. Some of the issues put into effect were the music mural in the cafeteria, the paw prints in the halls, the vending machine room and the powder-puff football game.

Jr. High Student Council

Our story began on a regular school day — or so everyone thought. In reality it was a day of conniving and secret planning. Who would have guessed that the members of the Junior High Student Council were having a meeting?

But this was not the only meeting. A succession of meetings followed the first. The results were obvious. One such result was the Halloween Dance. Its success led Mrs. Pruner and the council to organize more activities for the Junior High. The meetings continued; more plans were made.

It was clear that the Junior High Student Council was serious about making the school a little more fun. The meetings paid off. The plans worked well. And in the end, everyone had a good time.

Jr. High National Honor Society

Nine students were inducted into the Junior High National Honor Society on November 26, 1986. Mr. Dumire headed the ceremony. The candles lighted, the speeches made, these students understood that they were selected for not only their academic abilities, but also because of their outstanding leadership qualities. They knew that having met the challenge of being inducted, they now were facing the challenge of maintaining their high standards.

Some students really enjoy a good challenge. They feel that Academic problems are especially intriguing. This thrill for challenge is a basic quality that drives G.A.T.E. students onward.

Sponsor Mrs. Petronsky helped open the doors of excitement with an assortment of activities. G.A.T.E. (Gifted and Talented Enrichment) students broadened their horizons by going to see plays, such as *Grease,* and attending concerts. The first literary magazine, *Expressions,* organized by G.A.T.E. members, enabled those students to publish a book with creative possibilities. Their talents helped make the book a success.

Expanding viewpoints and stretching the imagination were important activities for G.A.T.E. students. Their challenges were met and new ones formed.

1986-1987

Golden Cougar Marching Band

"Music is the universal language," and the band members could speak it well. Whether piping marching tunes or sounding soft rhythms, the band was terrific.

Under the direction of Kevin Pollock, band students became actively involved in their field. Their routines for the football games and pep rallies effectively raised spirits. They placed second at the Clarion Autumn Leaf Festival.

The band also featured wonderful musicians. Senior Beth Docherty and Junior, Kelly Lawton went to District Band in Hempfield January 8-10. Both went to Regionals in Newcastle February 19-21. These special honors proved that the talent these girls possessed was truly great.

Special fun-raisers were held throughout the year to "keep the tunes coming". Successful hoagie sales, Sarris Candy Sales, and tag days contributed to a good financial year.

Everyone enjoys music. Thanks to the band, the students were able to do so.

Girls Ensemble

Their dream is to join the Metropolitan Opera. They aspire to the best in the singing world. Who are these ambirious people? The members of the Senior High Girls' Ensemble! Directed by Ms. Erdeljac, these girls proved their singing talents through a number of choral concerts. At Christmastime they performed at the Courthouse, held a Christmas Concert, and caroled through Carlynton's Halls. They also held a Spring concert and sang at the Sheraton.

Literary Magazine

Traditions are not formed overnight. Time is needed to give new projects that certain something that makes them special. And although no one can predict what the outcome of a new activity will be, it is still exciting to be part of a beginning. The members of the Literary Magazine were very fortunate to be given that chance.

The new magazine, called Expressions, was designed to give students a place to exhibit their creative sides by submitting poetry, essays, short stories, drawings, or photographs to the published. Selected contributions formed the first annual magazine that debuted in the spring. Sponsor, Mrs. Petronsky and her staff were the first to undertake such a project at our school.

Cheerleaders

When it comes to school spirit, no one has more than the Carlynton Cheerleaders. Led by Captain, Kelly Butts and Co-captains, Rhonda Becker and Vikki Putteman, the girls let their Cougar pride shine. They got students, faculty and fans psyched for a Cougar win. The long hours of practicing, painting signs, and preparing for pep rallies and games certainly paid off.

Junior High Cheerleaders

Who was the pride of the junior high? The junior high cheerleaders! Through their hard work and dedication these girls cheered the junior high teams to victory. Their cheers and dance routines were entertaining and well performed. Sponsor Lori Dedola helped make sure that everything went right. Not only was it alot of work, but it was also alot of fun.

Jr. High Band

The toot of the horn and the beat of the drums were familiar sounds to the members of the junior high band. Music is something they enjoyed alot, and they practiced hard. Meeting every other day throughout the year, The students learned about different pitches, notes, and scales. They gradually became better acquainted with their instruments and were able to play a variety of pieces by May. These young musicians were eager to turn the "toots" and "beats" into great compositions.

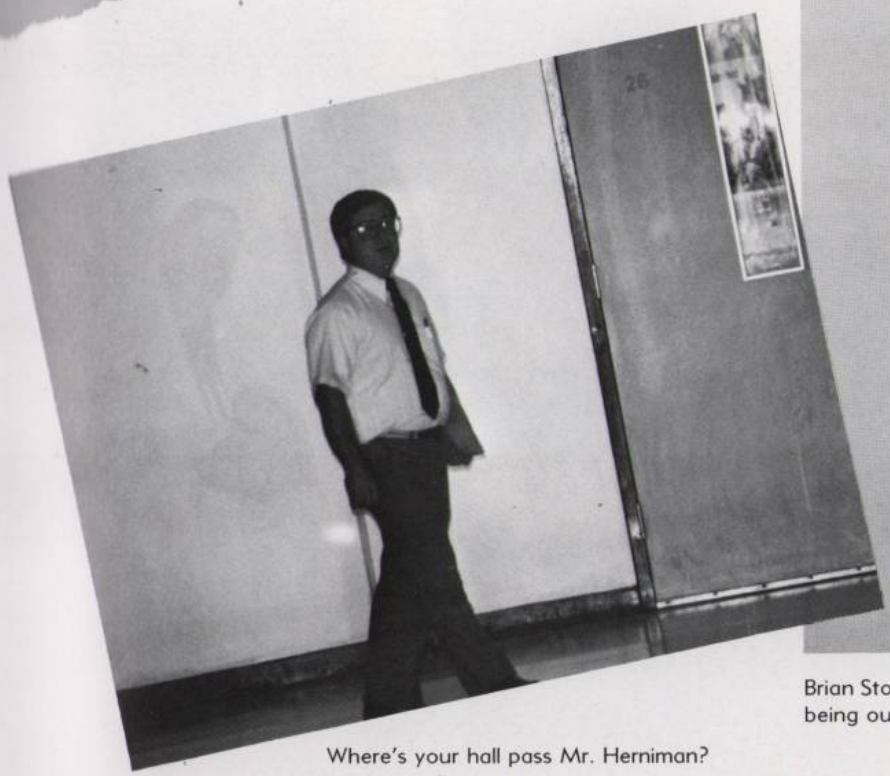
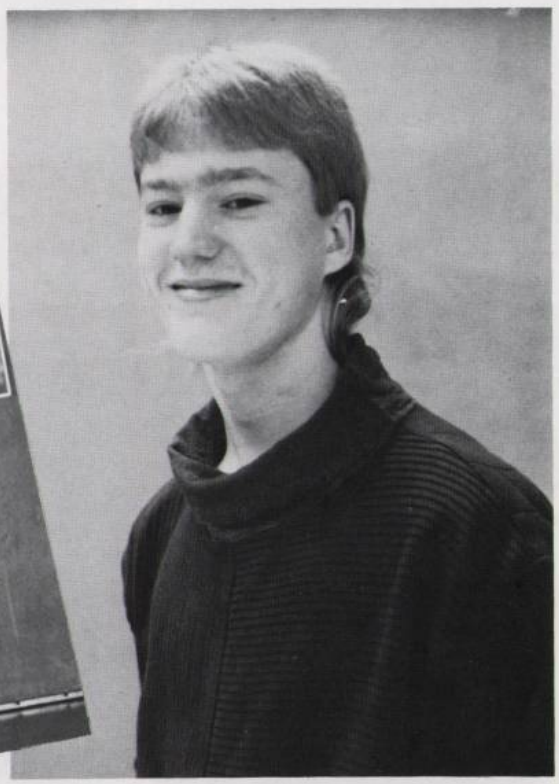
ACADEMICS



Where's your hall pass Mr. Herniman?



Brian Stokes we're proud of you for being our National Merit Scholar.

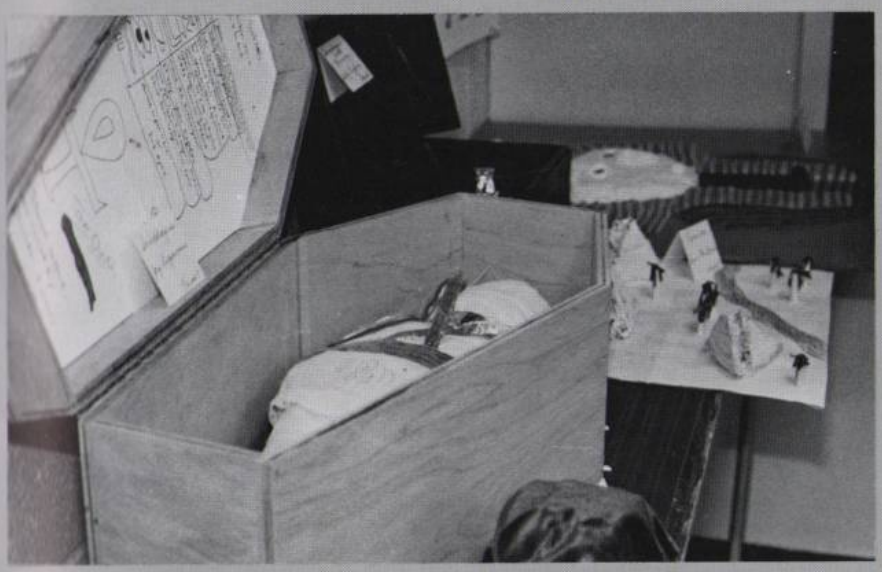
Mathematics, Languages

Carlynton offers a wide range of mathematical courses. From the basic facts, through the Geometric planes, to the integrals of Calculus. These classes prepare students for higher education.

Algebra I and II begin with positive and negative numbers and work their way up to solving equations and using variables. Geometry has its dreaded proofs and geometric shapes. Trigonometry deals with sin, cosine, and tangent. Displacement and velocity of a moving particle are also learned. At the top of the mathematical ladder at CHS is Calculus. Derivitives, volumes of a shapes rotating around an axis, and the infamous "Chapter 9", are all concepts taught which you are sure to use in the real world.

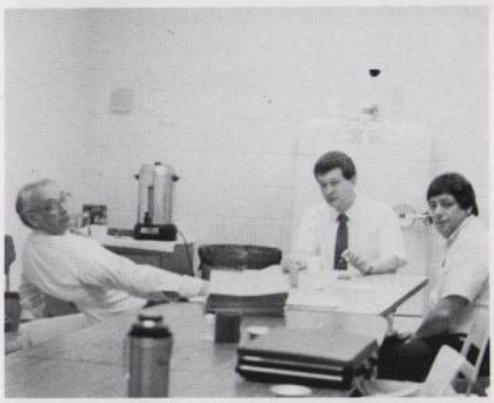
Hola! Bonjour! Gutten Tag! Salve! The Foreign Language department lends an international flair at Carlynton. Students learn about other cultures by dining at restaurants, cooking foreign cusine, and taking trips, such as the French club did when they visited Washington D.C. theHonor students in the 7th and 8th grades study Latin I and II.

Social Studies



The Social Studies program at Carlynton is designed to help the student body learn and become concerned with, the world around us, our forefathers, and the things they accomplished — along with the mistakes they made.

The history curriculum begins with American Cultures I, it then goes on to American Cultures II, Problems of Democracy, Current World Affairs, Sociology, and, for our future enterprisers, Economics I and II.

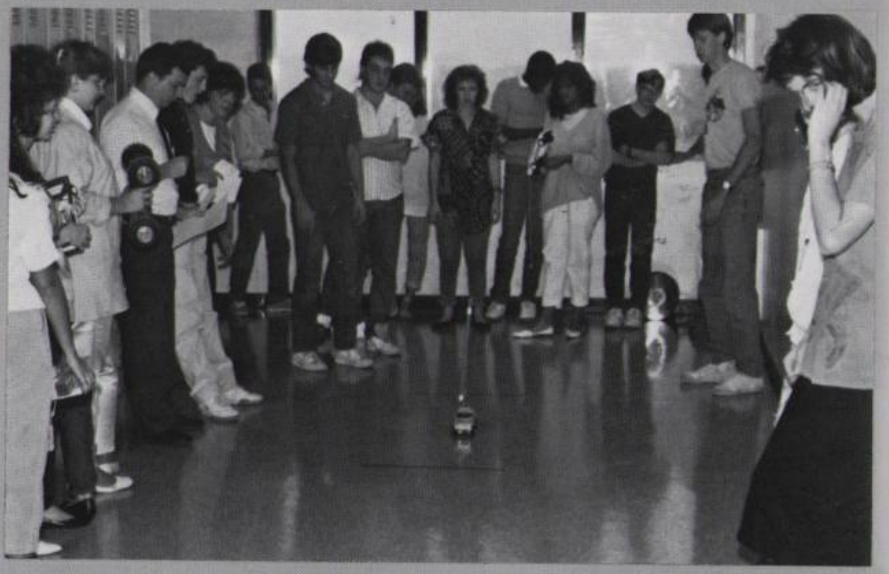


Science

The Science program at Carlynton begins with Physical Science, proceeds through Earth Space Science, Chemistry, Physics, and Biology. It also provides the students with Meteorology/Oceanography and Electronics.

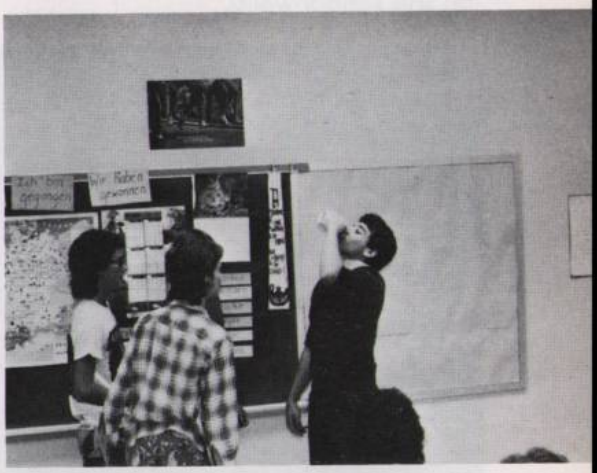
Chemistry deals with chemical equations and actually working with chemicals. Our school also offers Advanced Biology and Chemistry II for those students who wish to go on in those areas. And last, but not least, is our Physics course which deals with a ton of equations and laws.

Our science program is very beneficial to those students who wish to pursue careers in any of the science or research fields.



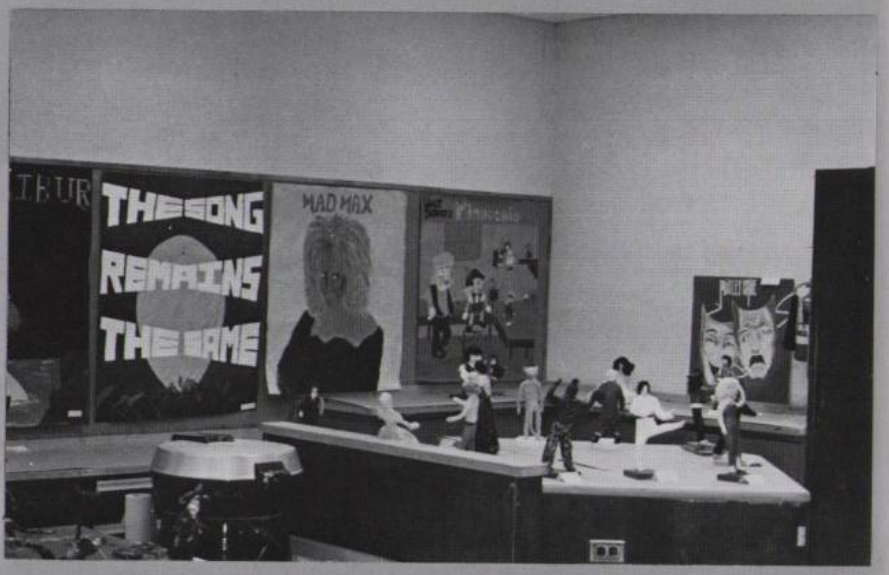
English

English is a very artistic way for students to learn about past and present history of famous literature. Every English teacher has his or her way of teaching a class. For instance, Mrs. Hyatt's English classes have Response Groups, which provide a way for students to share in each others writing process. They help each other revise their word compositions before turning them in for a grade. Mrs. Petronsky's A.P. English class is the best way for a student to view his or her own opinion. In Mr. Torcasi's English classes, there are the great vocabulary words that everyone loves to sit and learn for such a major grade.



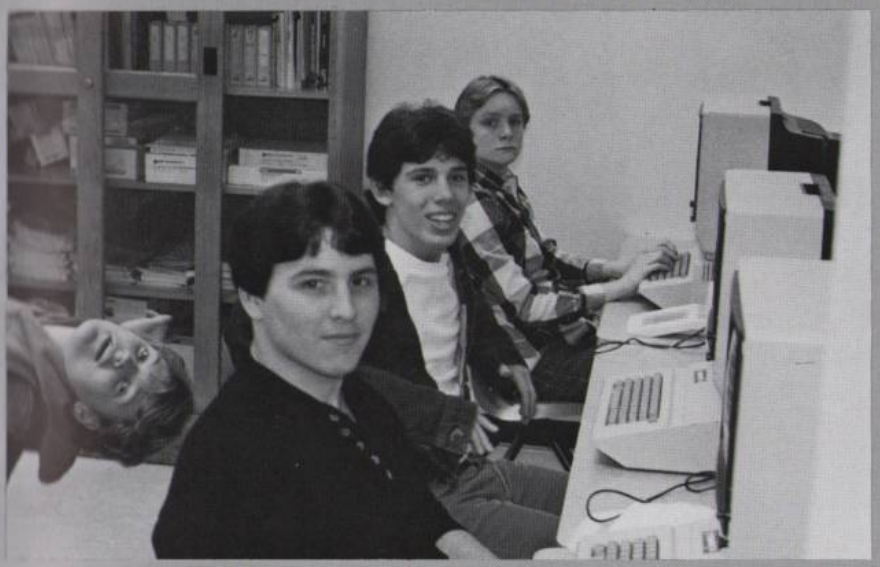
Art, Music

Carlynton's art classes enhance the students creativity and imagination. An incentive for excellence is the displaying of the students' projects throughout the school. A few of the most talented students have been chosen to paint murals on the school walls!

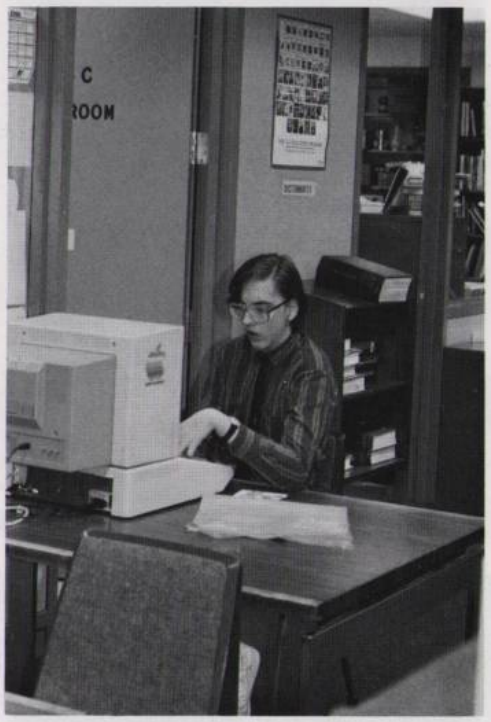


Making Music — Our music classes develop the students' musical abilities. A large part of Carlynton's student body is made up of band members. We are very thankful to the teachers who devote so much time to this part of our school. Carlynton would not be complete without them.

Computers, Library Science



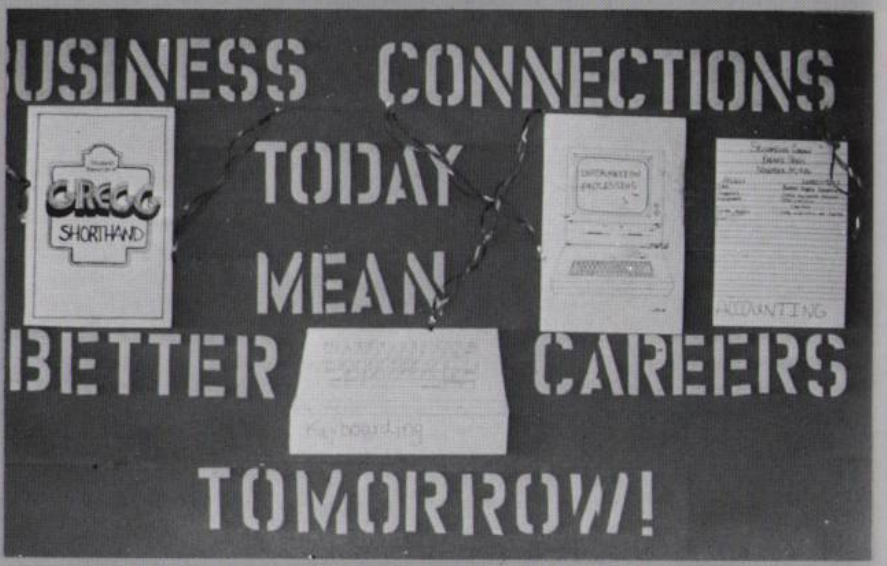
Our Computer classes prepare students for an ever changing society. Everything new is becoming more and more advanced, this advancement could not be taking place without computers. In Computers I, computer awareness is learned. In Computers II each individual writes several of his or her own programs. In the Business Department you have Information Processing, Typing II, and Word Processing.



You're in the Library now — They say that all the answers are here, but the problem is finding them. Library Science helps the student utilize the library through the use of almanacs, card catalogs, and indexes.

Business

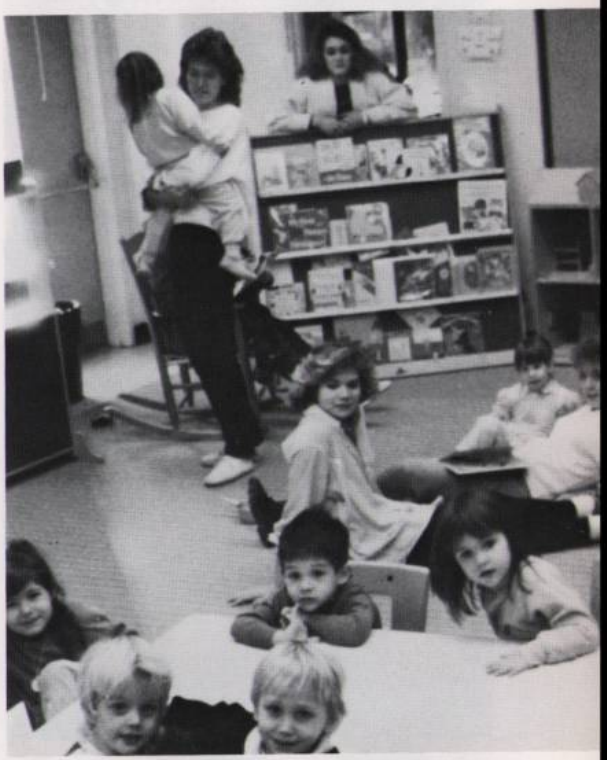
Our Business Department is headed by Mrs. Betsy Kohl. Also in the Business Department is Mrs. Ellen Apple, Mrs. Helen Nazar, who took a leave of absence, and filling in for her is Mrs. Joan Battistone. This department consists of Accounting, Business Law, Typing/ Word Processing and shorthand. Our Business Department is also famous for its bakesales.



Home Economics

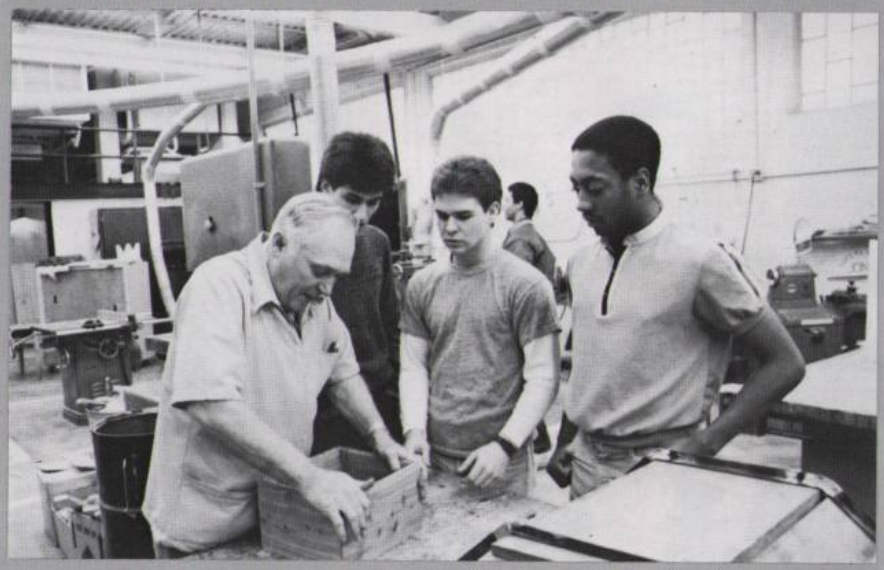
Have you ever seen a student with a new outfit on one day and asked them where they got it? And you can't believe that they made it themselves in sewing class. Sewing helps the student to learn to provide.

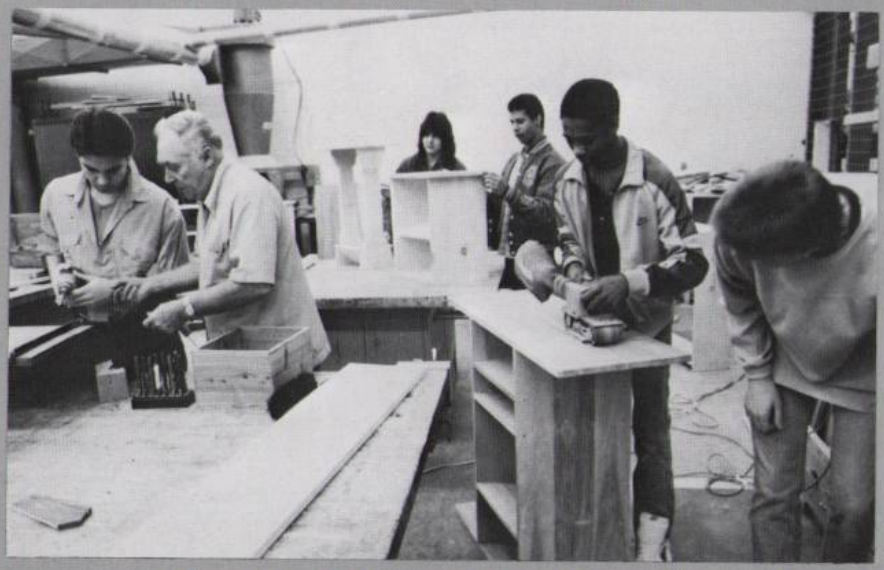
Foods class teaches you about nutrition and how to prepare various delicacies. Child Development is aimed at making the student realize the responsibilities needed for child rearing. Human Relations helps individuals express themselves through open class discussions. It is also geared towards easier interactions with others. The students who take this class, come out knowing a little more about themselves.



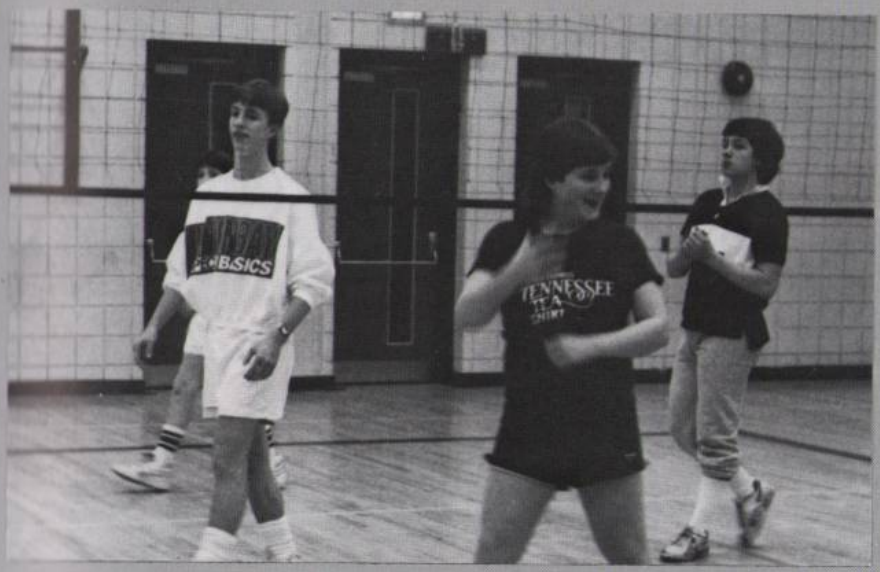
Practical Arts

Carlynton High School has a very complete Practical Arts program. This program consists of Plastics, Woodworking, and Graphic Arts. These classes give you the direction you need to get started, then the independence to see what you can do, but if you get stuck, you better believe Mr. Bercelli or Mr. Butter will be there to help you.



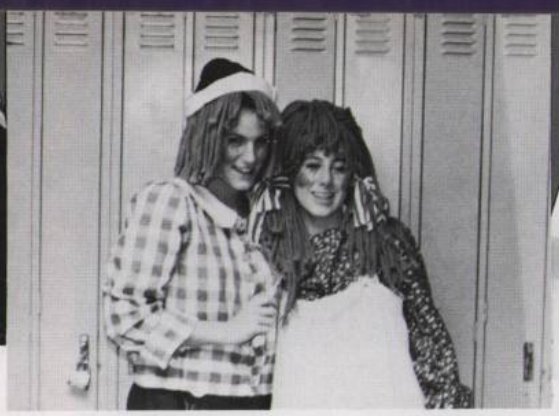


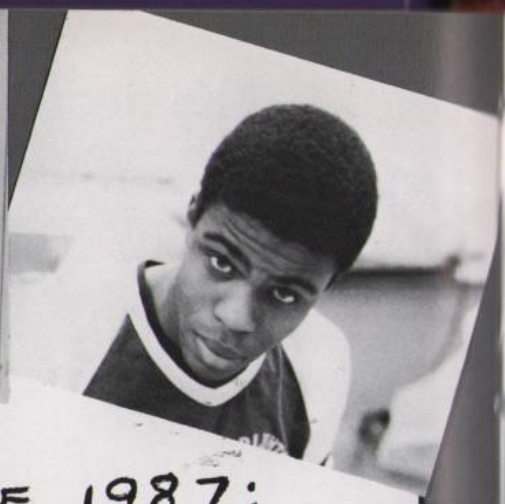
Physical Education, Guidance



Our Physical Education program is headed by Mr. Ted Dudeck. We have 3 other gym teachers, Mr. Jerry Ferrone, Miss Donna Ripple and Mrs. Jean Pruner. Our students are tested twice a year for physical fitness. Our teachers also have intermural volleyball at lunch for any students wanting to participate. This is just one more example of how teachers here at Carlynton give that little bit of extra for their students.

The students of Carlynton High know when it comes to making decisions about courses that our guidance staff will always be there to help them. Our guidance staff's main concern is trying to get the students into courses that will best prepare them for their future.





TO THE GRADUATING CLASS OF 1987:

MAY YOU REALIZE YOUR DREAMS WITHOUT FORGETTING RESPONSIBILITY —

MAY YOU KNOW THAT THE WORLD IS YOURS WITHOUT FORGETTING SELFLESS DUTY —

MAY YOU LOOK TOWARD THE FUTURE WITHOUT FORGETTING THE PAST —

AND MAY YOU BE TOO ENTHUSIASTIC FOR WORRY, TOO NOBLE FOR CRITICISM, TOO STRONG FOR FEAR, AND MUCH TOO CONTENT WITH YOUR WORLD TO ALLOW FOR THE PRESENCE OF TROUBLE —

GOOD LUCK AND MAY GOD BLESS —

Most Athletic

The biggest news from the 1988 Winter Olympics this year is two of the USA's brightest newcomers. **Bill Boros** and **Liz Bladel** are taking the world by storm. Bill was a key part in last week's football victory over the Hungarians, 21-7. Liz was high scorer and led the women's basketball team to a victory over the Soviets yesterday. Both graduated high school in 1987 after being voted Carlynton's *Most Athletic*. Congratulations!

Most Popular

"A party Friday night? Is either **Amy O'Shea** or **Bill Boros** going to be there?" A party just isn't the same without one of Carlynton's most popular people there. It isn't hard to see why Amy, sensitive and always optimistic; and Bill, ready with a joke to make you laugh, are Carlynton's most popular duo.

Best Smile

It's nice to have people as happy as **Maureen Nelson** and **Ron Stetz** at Carlynton. Their "pearly whites" are constantly being flashed at innocent victims in the hall. Grandparents would flip over their dimples! Their smiles could melt the Siberian Tundra! You'll always feel good with smile from Maureen or Ron.

No one who knows **Lauren Picard** or **Tony Welsh** now would be surprised to see, in the not too distant future, Dan Rather doing a special report on Senator Picard (R-Penna) and her world — peace — for — the — common — man policy, or on Dr. T. Welsh, Phd. in astroaeronomautical-subdivision thermonuclear physics and his latest break through. Good luck Lauren and Tony, *Most Likely to succeed!*

Most Talented

In the future don't be surprised to see flashing neon lights with the names of your old classmates **Beth Docherty** and **Brian Stokes,** the most talented pair of the Senior Class. Beth with her beautiful music from the flute and Brian's portrayal of characters on stage. These two could easily "make it big!!!" Hats off to two future stars of America.

Senior Class Favorite . . .

Most Talkative

These two with their constant chatter could keep Tylenol in business. With **Rhonda Becker** and **Mark Chaplick** there's never a quiet moment. They could be in the Book of World Records as having the most developed vocal cords. The night mare of getting stuck in an elevator with them could be fatal. But hey, school without Mark and Rhonda would be school in a monastary.

In Loving Memory . . .

There is No Death

All of us, in one way or another, have been affected by knowing, Brian, Denise, and Jeff. We hold dear to us the moments that we shared and the memories of them.

To have experienced great loss in our lives is difficult but in our memories we can find both Joy and Sorrow. So let us not see frowns mourning over their deaths, but see Smiles for the happiness we feel inside when we think of them. Rememberance, is seeing us together at the beginning of our rainbow, and knowing that someday we will meet.

In the sensitive words of the Italian writer, Angelo Patrie, we find this joy,

"In one sense there is no Death. The life of a soul on earth lasts beyond this departure. You will always feel that life touching yours, that voice speaking to you, that spirit looking out of other eyes, talking to you in the familiar things they touched, walked with, loved as familiar friends, they live on in lives and in the lives of all others that knew them . . . Jr. High HALLOWEEN DANCE

left: Mrs. Pruner giving Mr. Luttton a few quick tips on dancing.

below: The latest dance craze "The crick in my neck" — Michelle Lay

above: Everyone is dancing and having a good time.

left: Hard at work, getting ready for the dance. — Melissa Bealog and Lisa Ameruso

Monster Mash

The Jr. High dance was a huge success. It was an event enjoyed by everyone. There was at least 120 people who attended. Prizes were awarded for the uglest, the most unusual, and the prettiest costumes. There was a live disc jockey with a big screen, for the kids to watch their favorite videos. Refreshments consisted of cookies and punch that were surely appreciated by all.

Below: A slow song to tone done the mood.

Above: "Where's your costume?" — Timmy Tokarczyk

Above: "Hey everybody, GET DOWN!"

Right: We got the beat!

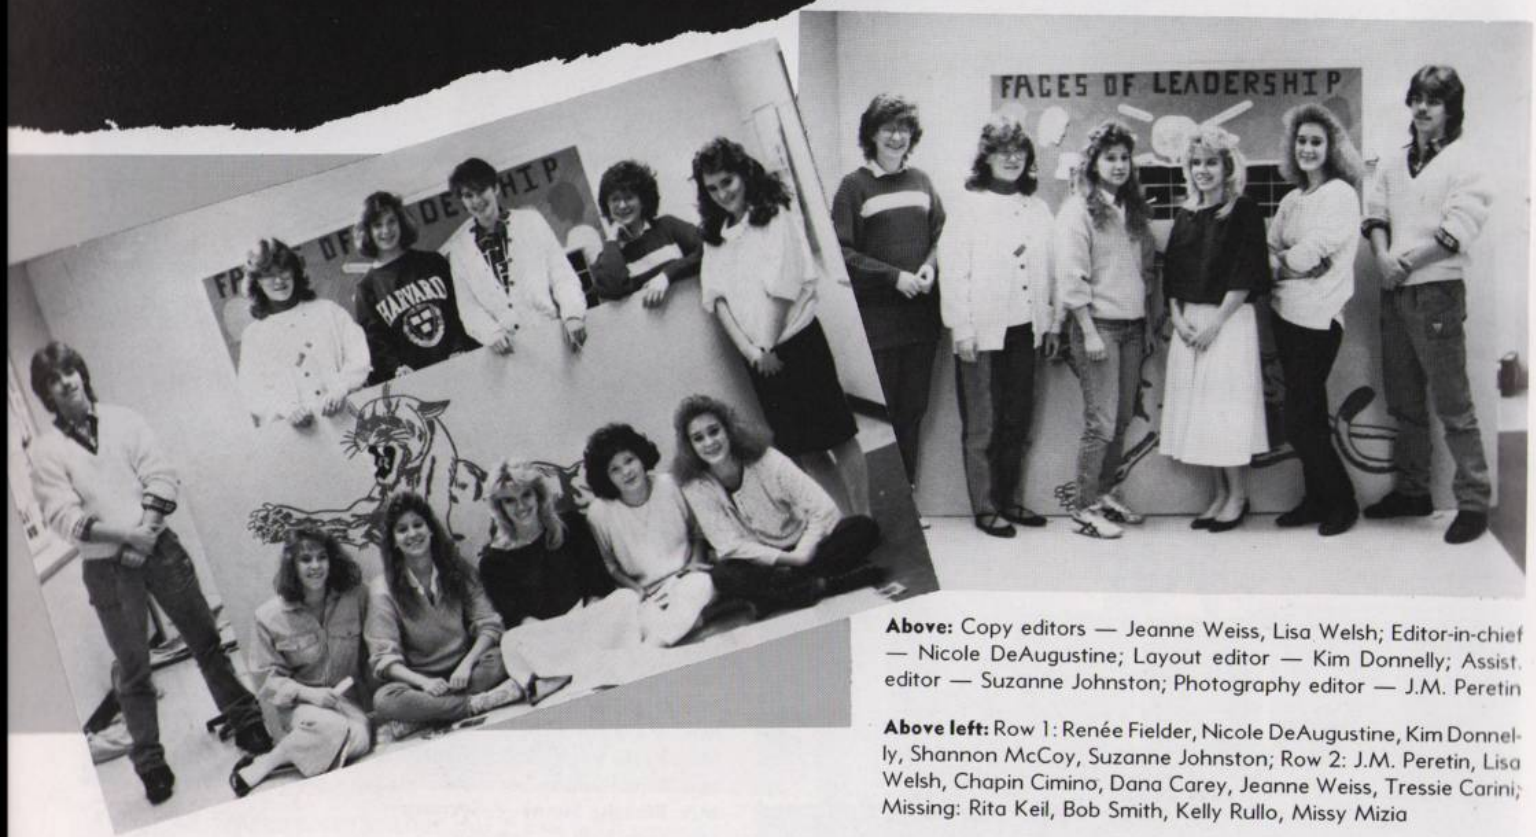
Yearbook



Above: Copy editors — Jeanne Weiss, Lisa Welsh; Editor-in-chief — Nicole DeAugustine; Layout editor — Kim Donnelly; Assist. editor — Suzanne Johnston; Photography editor — J.M. Peretin

"We can't believe we got it done!" — but we probably wouldn't have if it weren't for the fear of a lynch mob on the seniors' last day. It took alot, and now it's all put together: No more sleepless nights, endless worries, deadlines (missed), lost copy, and weekend work marathons at the school. We'll miss each other and the times we shared, but this book will be a constant reminder.

We will never understand why Mrs. McGovern took the job of yearbook advisor — we wouldn't wish it upon anyone. Over this past year we've had our differences to say the least, but all in all things turned out pretty cool.

We want to apologize for omitting any names or pictures. Some chose not to have their pictures in the yearbook. Others were also missed, due to absence or the inability to leave class.

Identification and keeping track of photos was the the most tedious part of the job.

We would like to thank:

Neque et Eque — Check the sky . . . Did you see those mice? They were this big! Oh no, here they come again! . . . True blue, Great white . . . You two are the best. Words can't express the way I feel, but the things I wish to say to you can be seen in the sky tonite. I love ya both, Zeque

Nikol Hamer — Thanks for helping us on the yearbook. Live it up your high school years. — Nicole De Augustine, Kim Donnelly, and Suzanne Johnston

Suzanne — Remember all the fun times we had in Jr/Sr High. Whatever you do don't ever forget about the "white mike" it's essential to good health. — C.C.

Kelly R. — You're going to be a very good "mommy" take care and remember all the good times. Have you hit the ball with your stomach lately? — C.C.

Susie & Sue — Don't throw that gummy bear, that's my Dad!!! The case of Eugene and the majorettes. — C.C.

Nikol — I Love You! — Kevin

Neque et Eque et Zeque — I Loves Yas like sisters! — Wedge

Mattie Alexander Haag — It's always better when the feelings are real — and whose feelings are more real than ours! I love you forever. Please take care. Kimberley

Suzanne J — I know I've disturbed your sleeping habits, so I'm willing you a big coccoon to crawl into. Thanks for everything. — E.McG

Kim D — Gosh you're tough. A mack truck could hit you and you'd pick yourself up and just keep on goin' — E. McG

Nicole D. — You really came through for me, just as Mr. Torcasi had said that you would. — E. McG

Jeanne W & Lisa W — You were always there when we needed you. Thanks. — E. McG

Kevin Donnelly — To my favorite husband, I'm gonna miss you next year. Remember all the fun times we had at your house. I Love You — Nicole De Augustine

J.D. — What can I say except it was great, the Donnelly house, library, you're a maniac — N.D. (FREE BEE)

Nik the dik — Assume the position. He saw you naked!!!!!!! — Should mess with semi-married men. Kel

Kimba — Who would have ever thought . . . me and you again . . . ten years later . . . i'll cleeeeaaannn for you . . . Ozzy . . . lesbo — nymphomaniac Ballcrusher . . . Kelba

Kelly McGuire . . . There you go, calling yourself Kel. He saw me naked! lighter burns, you're a nut!!!!!!! luv ya, Nik the Dik

Kelba . . . Wish we could have graduated together . . . we did in nursery school . . . Ozzy will be yours someday, i hope . . . Okay, i'll admit, WASP is pretty cool . . . but only because we're Restless Gypsies . . . Ballcrushers are the best . . . Turtleneck wedding dresses and bathing suits for us!!!! . . . Can't believe, after ten years (Time — Pink Floyd) you'd live at my House!!! . . . Kimba

Kelly McGuire — You Head Banger! Love Ya, Kevin

Chapin Cimino — I know how to spell Florance, how do you spell Nightengale?! Who is Bob Kick anyway? Bob Kick is everywhere!!!!!! Use mine . . . it's better. Here's the list of fictitious names . . . Keith Cechihni . . . Scot Rodenbeck . . . Good Luck . . . You'll be in the Senior Picture next year, just don't lose it . . . Love and grief, Nicole, Kim and Suzannne . . . We like you so much, we're recomending you for next year's editor!!!! ha-ha-ha. I was in love with your brother.

E McG — So what if we both yell alot, I never really quit. I don't know about the mack truck thing. Yes is the safest answer. Love kim . . . THANK GOD IT'S OVER!!!!!

Zeque — Bye Bye Miss American Pie . . . Don't ever take directions from C.C . . . Walls really ARE hard . . . Cats can't walk when you do that to them . . . Eque

Kevin — I Love you, more than you know! Please be careful on your way to Kerrick. Those are my jeans. When's Mass. I'm missing you already . . . Kimba

Dave Prevost — 13 months and twenty days and who knows how many more. Maybe we do fight too much over dumb things, we'll have to fix that. June 22, 1987 . . . who knows . . . No more promises though, okay? I LOVE YOU MR. PREVOST. kimba (Hey bud!)

Tony Welsh — Grape Juice — I wanna wish you good luck in all you do, even though I know you'll succeed. Remember our talk in the nurses office, and when I used to call you for lessons on how to do a Chem report. Just ignore me I'll go away. Keep your head up, and face everything straight on. Love, Nicole De A.

Shenanigens — In twenty five words or less . . . You're the best! Kimbutt

Neque . . . There's so much to say . . . O.C.M.D . . . O.C.P.D. — they're people too . . . IRK . . . i fell in the tub . . . timbo — two in the garden . . . Doors rule . . . the cigarette game . . . 4 am . . . Eque is meek without Neque . . . don't leave me . . . i'll never make it thru college . . . Eque . . . True Blue

LIBRARY COPY
NOT NO MORE!

The **1987 REFLECTIONS,** of Carlynton High Schoo, 435 Kings Highway, Carnegie, PA 15106, was printed in offset lithography by Hertf Jones Yearbooks, Gettysburg, Pennsylvania 17325. The local representative is C.T. Miller and the customer service adviser was Jon Lundell. (Additonal advice and design assistance was provided by the company art department under the direction of John Sullivan.)

The press run for 1987 was 400 copies of 192 pages. Paper is 80# Bordeaux gloss.

The cover was custom printed and laminated on white litho material with PMS 265 applied. It was mounted on 120 point binder's board at the Hertf Jones Cover Plant in Montgomery, Alabama 36108. The book was smyth sewn in sixteen page signatures, trimmed to 8½ x 11 rounded and backed with decorative head and foot bands.

The endsheets were school designed DF & B with PMS 265 on 65# grey colortext paper stock.

In addition to the high carbon jet-black ink used throughout, there is one flat of process four-color.

Type is Chelsea Light with appropriate emphasis faces done in 8 point for captions and 10 point for body copy. Headlines appear in 24 point, 36 point and 48 point Chelsea Black and Ronda.

No portion of this book may be reproduced in any form without the written consent of the Carlynton High School yearbook staff. For further information, contact the **REFLECTIONS** Yearbook Office, Carlynton High School, 435 Kings Highway, Carnegie, PA, 15106.
