And A Beginning

September ... it starts ... the first day of school ... for Seniors ... learning how to be the leaders ... for Juniors ... competing to be best ... for Sophomores ... trying to find out where you are, and how to get to where you're going ... So everybody adjusts ... we get used to ... saluting the flag in the morning ... trying to hear announcements when everybody's screaming ... getting a drink when there's zero water pressure ... breathing in the girls' room at lunchtime ... standing behind the gate till it's time ... getting called to 106 even though we didn't skip ... missing an A by one point ... taking a shower and getting the hair wet ... Then we do little things like ... decorate our lockers ... say "Hi" to people in the hall ... sneak into the lunchline ... borrow a pencil ... write our name on the desk ... make a poster for the dance ... be 29 seconds late for class ... Sometimes we like it ... a lot of times we don't ... but anyway ... here we are ... 5 days a week ... 7 hours a day ... till June ... a lot can happen.

Football Spirit Urges

Things get underway ... football season starts ... high hopes ... this year'll be better than last year ... season starts the same ... two losses ... (one later won by default ... South Fayette forfeited ... one of their players too old) ... but this year something's different ... maybe it's that everybody knows it's the last CHS football team ... there's a will to win ... from the players ... the coaches ... the fans ... spirit everywhere ... what we lack in might ... we make up in fight ... after first two ... Carnegie wins ... more fans come to games ... they see Little Tartans who fight ... completed passes ... long runs ... traditional goal line stands ... good blocking and tackling ... great defense ... even half time shows seem better ... pride in those kilts ... highpoint of any half-time show ... Farewell to you and the youth I have spent with
you.

It was but yesterday we met in a dream.

But now our sleep has fled and our dream is
over, and it is no longer dawn.

The noontide is upon us and our half waking has
turned to a fuller day, and we must part.

If in the twilight of memory we should meet once
more, we shall speak again together and you shall
sing to me a deeper song.

And if our hands should meet in another dream we
shall build another tower in the sky.

Kahlil Gibran
