POWDERPUFF FOOTBALL

The annual Powderpuff Football Game has become quite a hit with the students and faculty, and this year was no exception. Luckily, it was not rainy and muddy as it was last year, although it was quite cold. Unfortunately for the Class of 2004, they lost the game to the Class of 2005. Again this year, after starting the rivalry last year, the sophomores and freshmen girls also played, with the sophomores coming out the winner.

From the guys who coach and manage, to the faculty who officiate, and the fans and players, a good time was had by all.

THE SIGN SAYS IT ALL! (except for the fact that they lost)

SENIOR COACH TOM ROSS AND SENIOR KIRSTEN EBERLEIN SHARE A KODAK MOMENT.

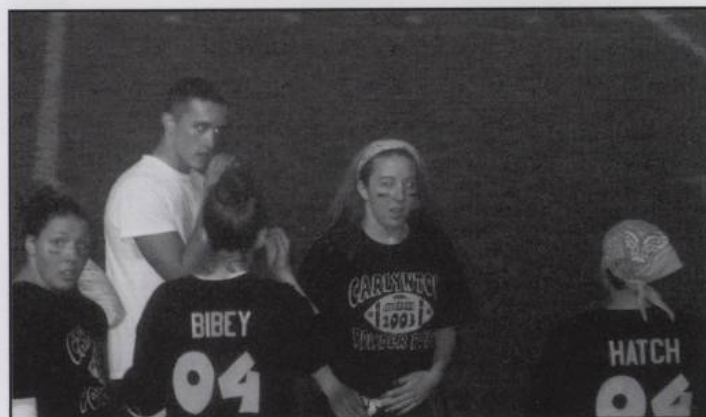

CAN YOU GUESS WHAT KIND OF PLAY THIS IS?

"A Hidden Note, Pressed Between Pages"

Poring over photographs.
As each memory unfolds.
Of secrets from our childhood
And what our future holds.

Time is a reminder
Of who we once had been.
Yet, as our time is ending,
Our future must begin.

Embracing for forever.
Keeping second hands at bay.
Facing a zealous endeavor,
And our time slowly slips away.

Long good-byes are spoken.
Soon just whispers in our minds.
Each photograph - a token
Of what we've left behind.

Pressed between our pages of time
Is a letter of this confession -
Of friendships and aspirations entwined
Remembered at our discretion.

By Natalie Sciulli and Rachel Schoen

The Senior Speech

Class of 2004,

We've made it. In the simplest words - we have finally come to the end.

Every year someone stands up and reminisces about their past memories, makes views for the future, and prepares the rest of the class for final goodbyes. But it's not quite time for good-bye, so why begin now? Take a look around and you'll see the same old faces you've seen day after day for years, and the same faces you'll see for the remainder of our year. These are the kids you've grown to know so well. The ones you have watched change - some drastically - some barely at all. Regardless, we have grown together, matured (well some), and shared the greatest and worst experiences of our lives with them.

This is the year to throw out grudges, bury differences, and come to the realization that next year, none of this will matter. Our lives are going to change for the better. Looking back, it's funny to think how many times you've changed "best friends" or cliques; how your closest friends from 7th grade may never speak to you now; how we've moved from Barbies and match box cars to make up and 20 rims. Old school 8-bit Nintendos and starter jackets (you know you had to have one) to PS2's and designer coats. And it isn't that we don't miss these things, or still find them amusing, but we have moved on and have accepted the changes - as we must do now.

So graduation is not a sad time. It's not saying good-bye to your friends, it's accepting that even though you'll be making new ones, the old ones will always be around somewhere - and if not, there are always the memories of good times to look back on.

Mr. Palko, the new Phys. Ed. teacher, graduated from Slippery Rock. He is originally from Natrona Heights and student-taught in Hermitage, PA (near Sharon). His first impression of Carlynton was that it was "small." He is single and loves outdoor sports such as hunting and fishing as well as volleyball and baseball.

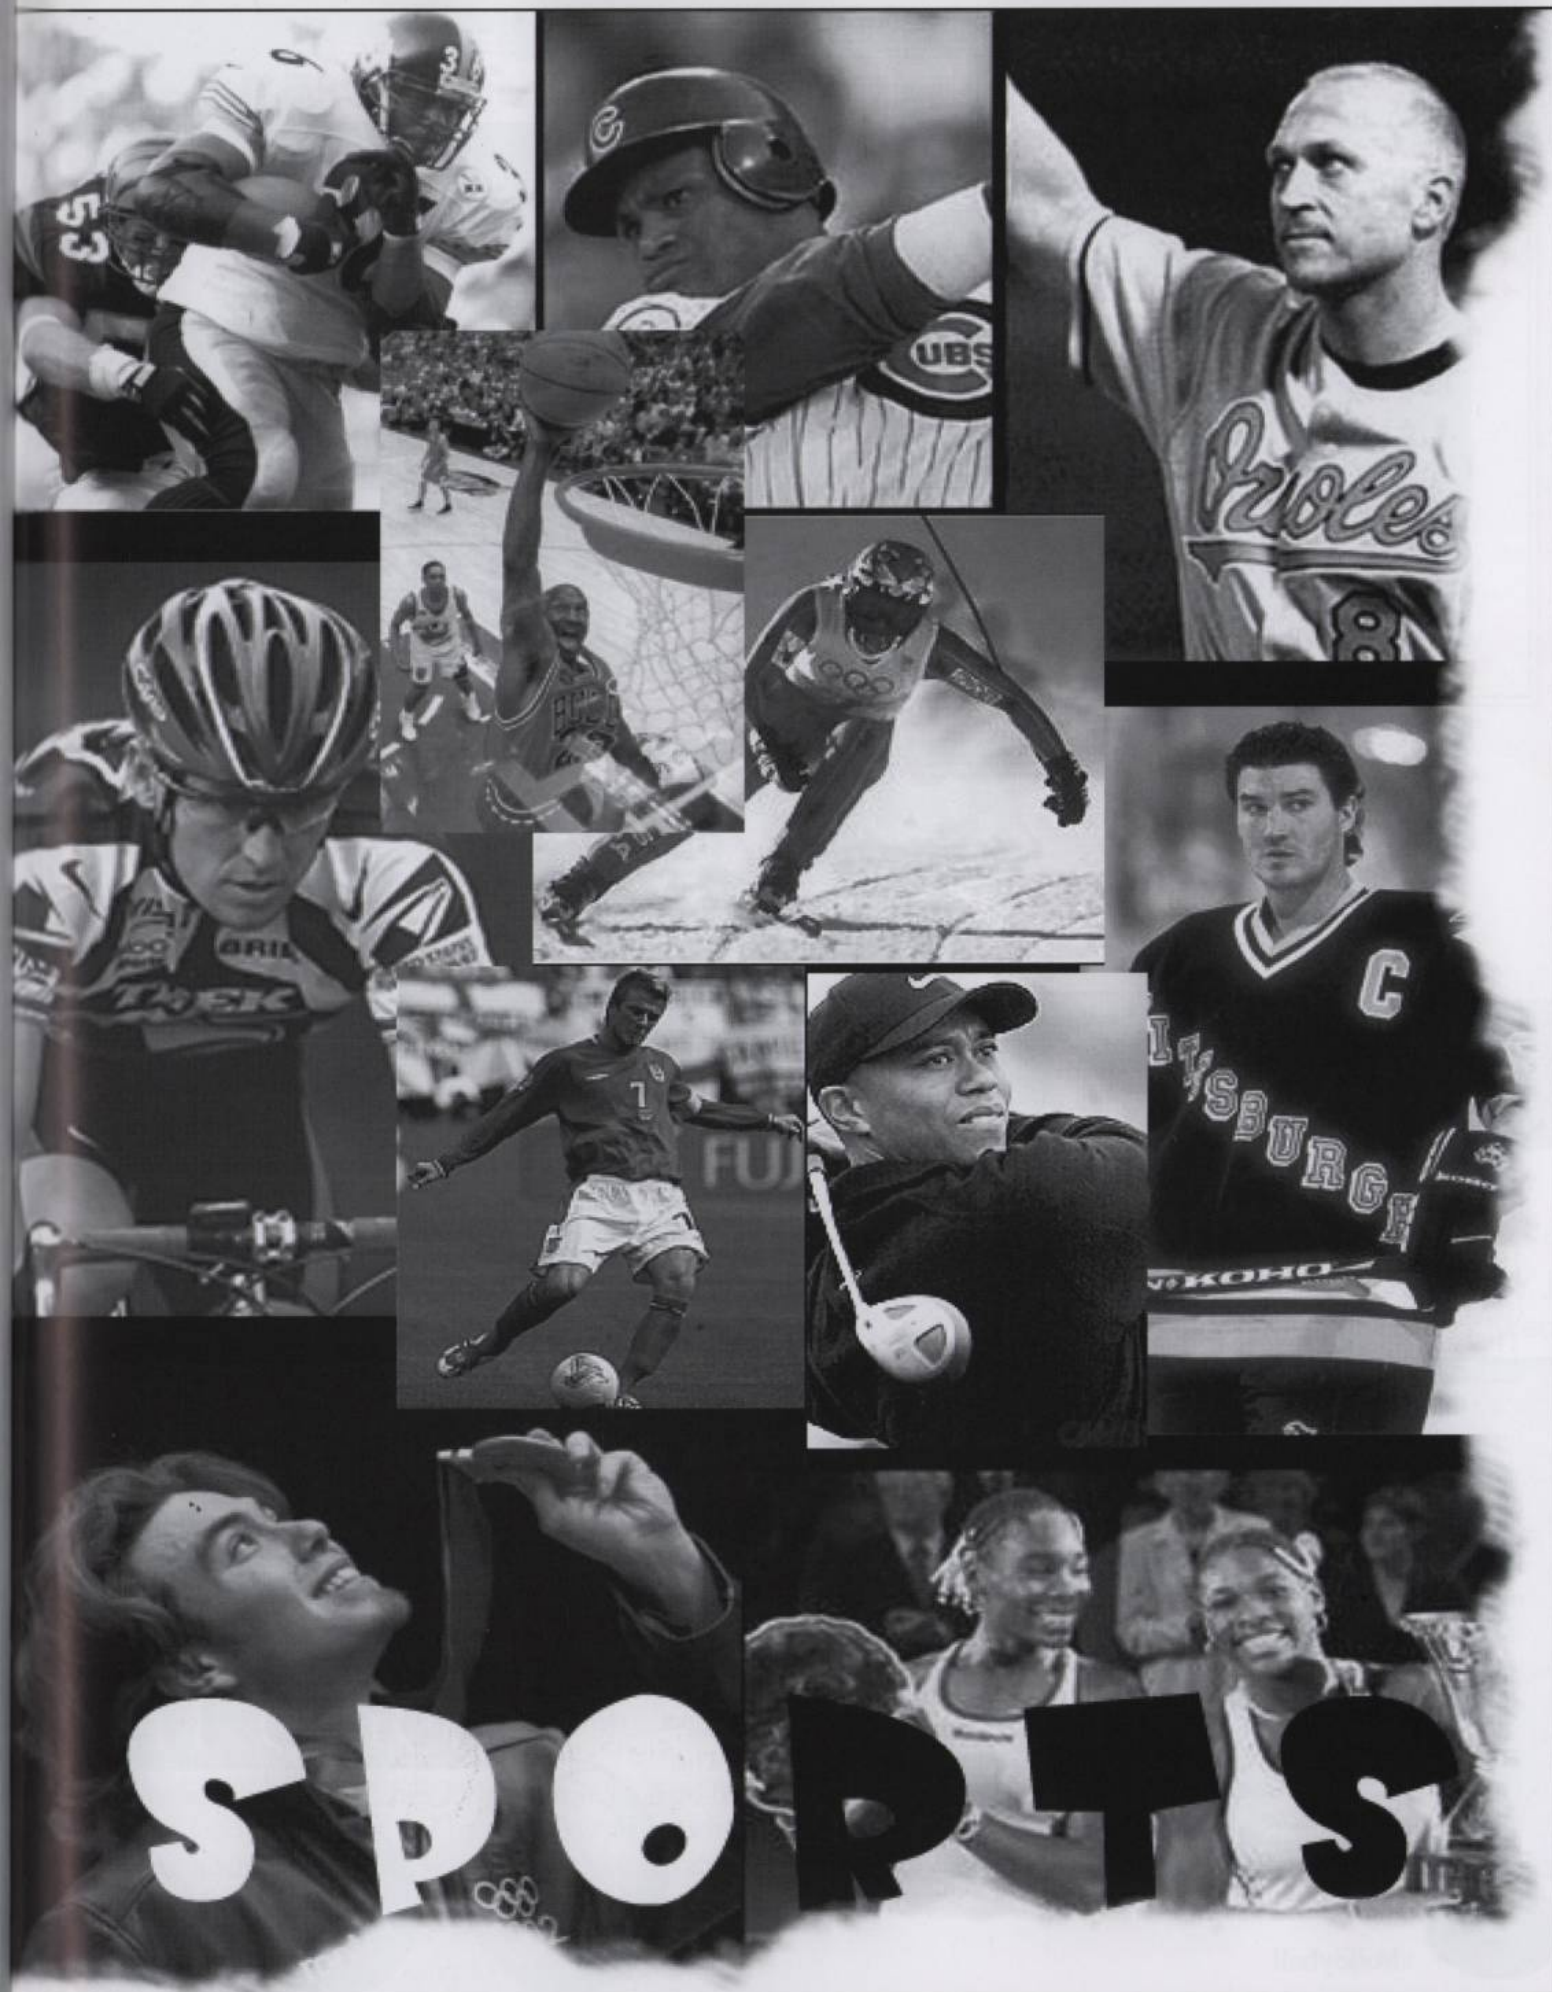

Our new math teacher, Mr. Holland, went to Pitt and is from the local area. He student-taught at Taylor Allderdice in the city and states that he went into education because he "loves kids." His first impressions of Carlynton were that the kids were very polite and the staff was also very nice. "The school and facilities are tremendously clean." He is married and has a 10-year-old daughter.

Mr. Totin graduated from Robert Morris with a B.S. in Business Administration and earned an M.B.A. at Point Park. He is from Pittsburgh and student-taught in W. Mifflin as well as also having previously taught at Shaler. His interest in teaching came from two cousins who became teachers and recommended the field to him. He says: "I enjoy accounting and how business does affect each of us on a daily basis." First impressions of Carlynton included that the staff was very helpful and friendly, and the vast majority of the students were very nice and pleasant. He is single and an avid Steelers fan, as well as a Pirates and Penguins fan, and also enjoys golf, bowling, and classic cars.

Mrs. Nery is from Cleveland, graduated from the Univ. of Detroit, and has a degree in French Studies from Pitt. She has lived in Detroit, Chicago and Paris, and in the latter city became interested in French. "The variety of skills to learn and methods to use in the classroom keep teaching a foreign language fascinating." As for Carlynton: "I found it to be a friendly environment with just the right number of students." Married with two sons, she likes gardening, cooking, swimming, music, reading, and going to plays and concerts.

Carlynton Girls' Volleyball

by Rachel Schoen

The 2003 season brought many changes to the Girls' Varsity and Junior Varsity Volleyball teams. For starters, a new coach, Christie Faller, took the position of the girls' coach of two years, Rich Samolovich. This was Kristie's first year coaching a team, being a recent graduate of Grove City College. Her new coaching technique and great understanding of the game added to the success of the team. Practices were much more frequent than they had ever been before and games were scheduled three times a week. Not only did Carlynton get a new volleyball coach, but the girls got new uniforms and the rules of the game had changed! High school volleyball games were changed to be identical to college volleyball games. For example, games that had once gone to 15 points were increased to 25 points. Although their record was not reflective of their talents,

The girls' tennis team was a small but dedicated group, and the size of the team didn't stop them from having fun! With John Hayes as their coach, they improved greatly over the course of the season. They are looking forward to next year and more players. Good job, girls!

Under the tutelage of Coaches Rich Sonson Sr. & Jr., this year's golf team posted an 8-7 record, playing matches with schools such as Quaker Valley, Sewickley Academy & Moon. The team's home course is now Bon-Air, off Route 60. A highlight of the year was Junior Drew Ellis' score of 31 for 9 holes. The guys are hoping to recruit some more golfers and have a good season next year.

The Boys' Team played a great season. Victories, which were many, were well fought for and deserved. With help on the field from guys like Captains Colin Yaworski, Dan DeRenzo, and Chris Walnoha, the team fought hard the whole season. Although they didn't make it to the playoffs, they improved their game quite a bit, and we can expect great things from them again next season.

Soccer

Lady Cougar soccer finished one of its best seasons in October. With four wins [a big one over Steel Valley] and two ties, we were able to finally know the taste of victory. With a brand new coaching staff, Head Coach Misty Smith and Assistant Coach Steve Klein, we learned to develop and perfect our skills and play as a team. Congratulations on an excellent season!

This year, the Carlynton Golden Cougar Marching Band had the privilege of performing "Riverdance" as the half-time show. Along with performing at football games, the band also marched in several parades and played for small audiences in Crafton and Carnegie. In April, they plan to take a trip to Disney World to participate in Epcot's magical world. Overall, the season was great, and hopefully more fun is yet to come!

The 2003-2004 Carlynton Varsity Cheerleading season started off with huge success as we traveled to camp at Clarion University in July. While at camp the squad improved all of our skills including jumping, cheering, dancing, tumbling, and stunting. On the final day of camp, varsity was awarded the Spirit Meg for the 4th year in a row as well as Top-Team, the highest honor at camp. Marc Bombich received his 3rd Top All-American Cheerleader award, always given to the best cheerleader at camp. Later in the season, we focused our abilities toward competing. Despite Candice's ankle injury two days before states, we still managed to pull off a 3rd place standing and now view it as a learning experience. With the help of Coach Ryan, we hope to compete more next year and continue with our success. As for next year, Captain Emily Barger has passed on the "Spirit Check" to Ashley Dodd for the 2004-2005 season. We wish them luck and hope they continue to progress the as much as we did. "Cuz we're still havin fun, and you're still the one!"

RHYTHM IS A DANCER

The Winterguard team was absolutely awesome this year -- undefeated in competition as of press time. This was due to many long, challenging practices, led by Director Ms. Laura Begg. Each season seems to bring dramatic improvement in the dancers and the team -- Congratulations and best wishes for next year!

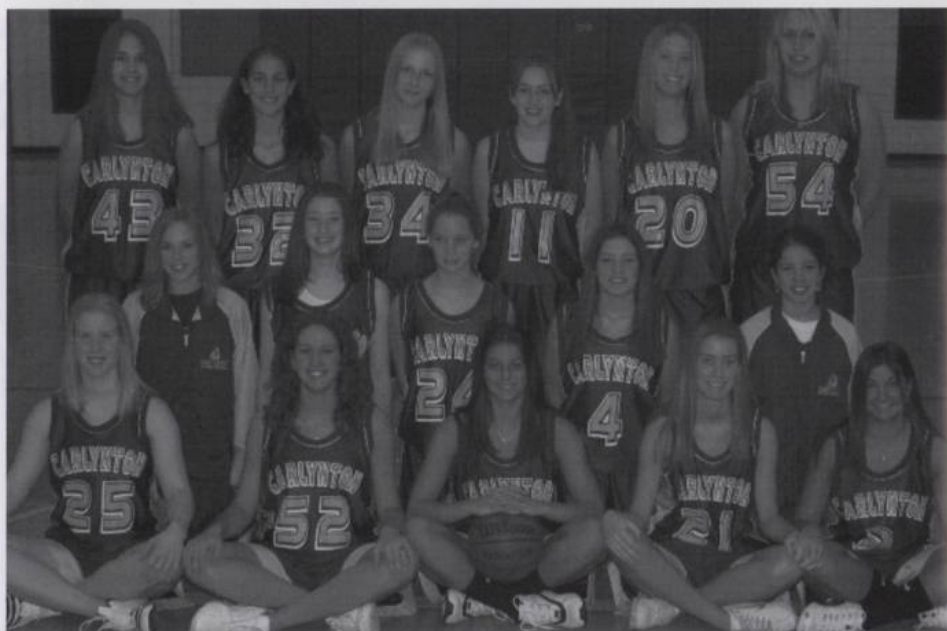

The dance team shows off their stuff!

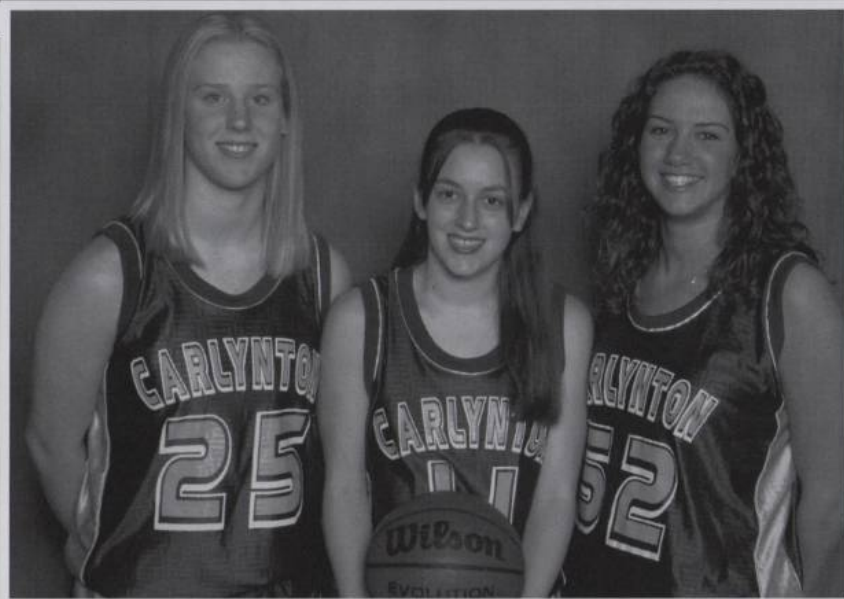

Bounce With Me

What a great season! The Lady Cougars were at the top of their section and most of AA basketball this year, with a 25-6 record overall. Section 3-AA voted Lauren Wilmus "Most Outstanding Player" and Coach McConnell "Coach of the Year." In the Section Finest 15, Lauren and Toni Roscoe attained 1st Team, while Kirsten made 2nd Team. Kirsten also won the "KDKA Extra Effort Award" presented by Bob Pompeani in a student assembly in the auditorium. The girls' team, not to be outdone by the boys, also won the Section 3-AA "Sportsmanship Award."

Going into the playoffs, Carlynton was considered a good bet to win the AA championships even though they never had before. This time, however, they were not to be denied, as they defeated Freeport 42-20 to win it all at the A.J. Palumbo Center at Duquesne University. Needless to say, it was a thrilling and satisfying win. Then it was on to the P.I.A.A. playoffs and some exciting though intense wins – Richland 40-19 and Girard 50-32. But then came the heartbreaking loss to Bishop Guilfoyle in the quarterfinals. Although the dream of Hershey was not realized, the girls had a wonderful season. They lose three starting seniors and Coach McConnell is retiring, but the future should nevertheless remain bright for such a talented group.

Carlynton's Boys' Varsity Basketball team had quite a season! For the first time in a long while, they had a winning season (14-11) and went to the playoffs. The preliminary game against Burgettstown was a victory, with Tony Benney scoring 22 points and Tyler Valentine netting 20. Unfortunately, they lost to Aliquippa in the next playoff game. However, Tyler Valentine placed on the Section Finest 15 1st Team; Tony Benney and Greg Petronsky also made the 3rd Team. And the boys received the "Sportsmanship Award" for Section 3-AA. Though the team loses six seniors, they are expected to be top competitors again next year.

Varsity Wrestling

The Cougar Varsity Wrestling Team had a very good year, despite not having enough members to comprise a full team. Individually, almost all the guys had good winning records. These included (at the time of this article) Senior Chris Schepis (125-lb class) at 11-6, Guy Dedola (112-lb class) with 14-7, and Nick Schepis (119-lb class) at 23-5. Nick (also at the time of this article) was ranked 13th in the state, which is quite an achievement. Head coach Chris Magnum, with his talented assistants Jason Knox and Darren Fisher, feel sure that the team will be full strength next year and really start to do some damage in the Section.

Bowling

With its 24 members, the bowling team had a great time this season. Open to grades 9-12, the team is sad to graduate six seniors, including Nick Sweeney, Matt Lantz, Justin Lambert, Matt Murrman, Matt Gazda, and Leah Bassano. But the skilled underclassmen surely will step up and take their places. Both the Girls' (Leah Bassano, Jackie Riley, Megan Kosky, Marie Kuhns & Katie Dunmyer) and Boys' (Dennis Lenkner, Matt Murrman, Jon Byerly, Adam Carlini & Mickey Glowark) varsity teams went to the 1st round of the WPIBL playoffs, where Jon Byerly had a high of 262. Katie Dunmyer had a 584 series during the season, and will go on to States in the individual category. Coach Mary Cay encourages her team to work hard but also have fun. She hopes to continue with a great season next year!

VARSITY SWIMMING

This season was outstanding for the Cougar swimmers. Fourteen qualified for the WPIALs, which is considered very good from a school our size (seven girls and seven boys), and six were seeded rather highly in various specialties. (See next page for a list and particulars.) For the first time in Carlynton history, a swimmer was seeded FIRST in WPIALs -- Dan Perkey in the 100-yard breaststroke -- and he came in 1st to boot! What an achievement! The Boys' team had an outstanding record of 10-2. The Girls' team didn't do badly, either, with a 6-5-1 record. Despite the problems with the pool heater right before the championships, the team was able to corral practice time at neighboring schools' pools to keep them in shape for the WPIALs. All in all, it was a great season, and there is much promise for next year.

BIOLOGY FIELD TRIPS

The annual Independence Marsh trip for the upperclassmen took place in the fall and it was a great, sunny day for it. They trooped through the woods and the marsh, looking for samples to take back for testing. Mr. Palonis was pleased at how well his students adapted to the outdoors research project.

Student Council

Officers (from left to right): Treasurer- Sam Herman, Secretary- Kate Aston, Vice President- Niki Fiori, President- Natalie Sciulli.

Student Council consists of 5 representatives from 10th, 11th, and 12th grades, elected at the end of each school year. This results in a 19-member group---the 15 elected, plus 4 student government officers--with Ms. Laura Begg as the sponsor.

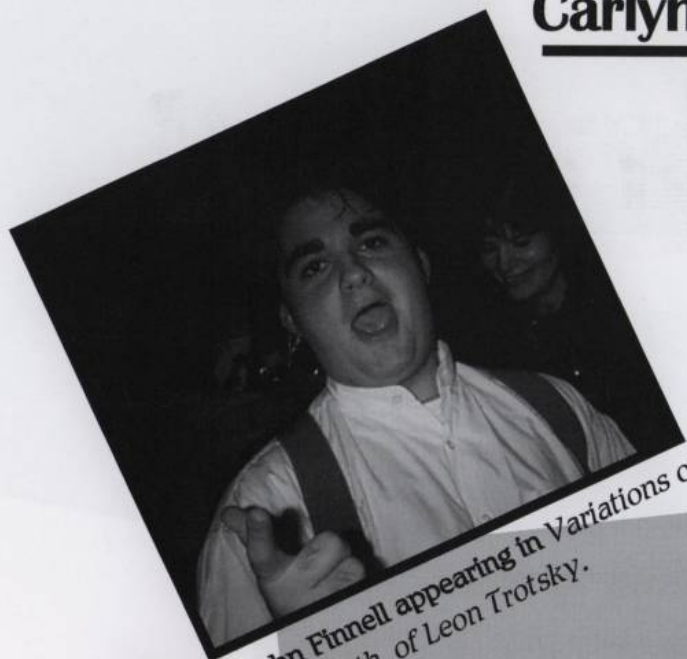

This year Council has been busy planning, brainstorming, and presenting its ideas to the Administration and the School Board. They work to help improve several lacking aspects of the school, including the lunches, for which they have developed a list of ideas such as "Cultural Food Wednesday." Much time is devoted to working closely with the School Board, Dr. McMillan, and Mr. Moniger of Aramark. Some ideas are accepted, some are rejected, but the Council must put time and thought behind each proposal it presents. Countless hours are spent in meetings and developing agendas.

* Milestones of the Council include getting the school's support and financial backing to present students with vegetarian options and a larger variety of menu items. Council has also outlined environmental deficiencies of the library and planned for updated equipment that can be used in specific study sections. Academic standards will be posted in places easily viewed by students and bright colors will decorate the walls, creating a friendly atmosphere. Curriculum has also been discussed, with the scarcity of electives at the top of the list.

Student Council members work diligently to stir up change in the school, but as witnessed, they are indeed effective. Because of them, the school has become a better place in which to study and socialize. If you see a member in the hallway, thank her -- she deserves it.

We're very proud of the way that the 2004 yearbook turned out! And just so you all know - we dedicated many long afternoons, early mornings, weekends, and even ACT 80 Days to make it the best ever. If you aren't in here, think back on if you turned your surveys in (seniors) or if you helped us out with pictures! But honestly, just have fun reading it and looking at the pictures, and maybe someday you'll flip through it and think of all your good times at Carlynton High - that's exactly what it's made for! We went to great lengths to make this a great yearbook for everyone, and we hope you love it!

Everyone's been shopping at Abercrombie and Fitch, Hollister Co., Express, and American Eagle Outfitters these days!

SPOTLIGHTS

Dan Perkey

Swimming

Junior Dan Perkey became the first ever Carlynton swimmer to place first in WPIALs -- in the 100-yard breast-stroke. He broke the school record with a 1:02.20 time. Dan also placed 3rd in the 200-yard Individual Medley, again breaking the Carlynton record with a 2:04.21. Dan finished 8th at States in the 100 breaststroke. He has been swimming for years, and in the summer swims for the Crafton Crocodiles, who compete against other local teams from Greentree, Scott, Mt. Lebanon, etc. SPOTLIGHTS wishes him all the best next year!

Jeff, who is a senior trombone player, auditioned at District Band (which was hosted by Carlynton) and gained a place in Regional Band -- a very prestigious honor for any high school player. Regional will be held at Derry Area High School, where a combination of three Districts will hold auditions for States, to be held later this year in Erie. At Regionals, they will rehearse and perform a concert, just as the group at Districts did. Jeff is also an Eagle Scout, and earned that honor through many hours of community service.

Regional Band & Eagle Scouts

Vince Ferro, a junior, earned one of the highest honors available to a vocalist by winning a trip to the District Chorus this year. This occurred after much hard work and practice here and during his private voice lessons with Mrs. Lear and Professor Malfatti at Chatham College. Vince is a tenor, and at District Chorus, singers from many schools blend their voices in many different kinds of music -- from folk to rock to gospel -- and after a few rehearsals they put on a fantastic concert. Vince also made District Chorus in 9th grade. Singing has been his avocation since 1st grade, when he appeared in "Joseph" as part of the Children's Rainbow. He has also appeared in St. Philip summer musicals and was in the chorus of Stage 62's production of "Kiss Me Kate."

Mike Davidson

Broadway-Bound

Mike, a senior, entered a contest sponsored by "Bravo on with the Show." First he had to answer 4 questions about musical theater, which led to becoming a semifinalist and writing an essay about why he wants to be part of Bravo and what he expects to gain from the experience. Mike has always wanted to be in musical theater, and began taking piano lessons in 5th grade. He has appeared in all four musicals here, and in "Kiss Me Kate" and "Anything Goes" at Stage 62. He finally got the results from the contest and he will be appearing in the musical "The Boy from Oz" on April 26 in New York's Imperial Theater, after taking three days of dance, acting & voice workshops. Break a leg, Mike!

Joe Conniff, Tim Caine
Eagle Scouts

Regis Patton III-- a sophomore -- earned his Eagle Scout honor by installing security cameras and monitors for the children's Day Care center at the Crafton Methodist Church on Belvidere St., where his Troop 147 meets. All in all, two cameras were installed -- one at the entrance and one in the hallway. Then two monitors were also installed to provide surveillance capabilities.

Sophomore **Joe Smith** belongs to Troop 147, based at the Crafton Methodist Church. He began as a Cub Scout in 1996. Joe did his Eagle Project at the St. Paul A. M. E. Zion church on Mansfield Blvd. in Carnegie, where he and other Scouts spent a lot of time hard work renovating and painting the pastor's study and an adjacent storeroom. He and the group also replaced a tile floor. Joe continues to pursue his hobby of photography.

Senior **Joe Conniff** became an Eagle Scout by organizing a group to clear out the area next to St. Philip school above the cemetery to make a play area for the children who attend the Day Care group held there. They weeded, raked, etc, and then put down mulch and arranged outdoor toys for the children to use. Joe has been in scouting since 1st grade, first as a Cub Scout, then as a Boy Scout in 7th grade. He belongs to Troop 148 at Crafton Nativity Church.

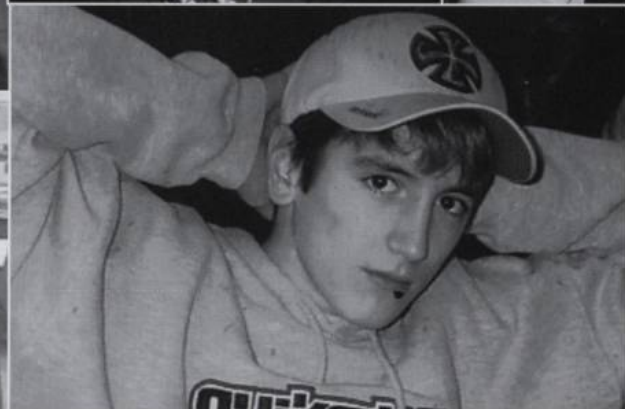

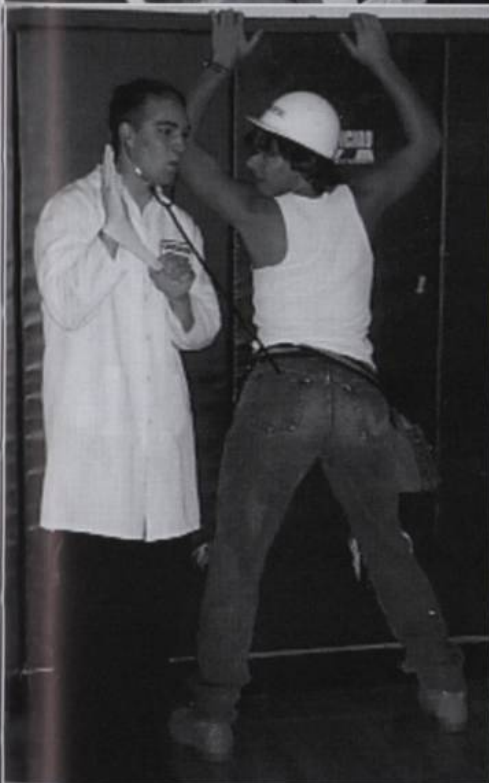

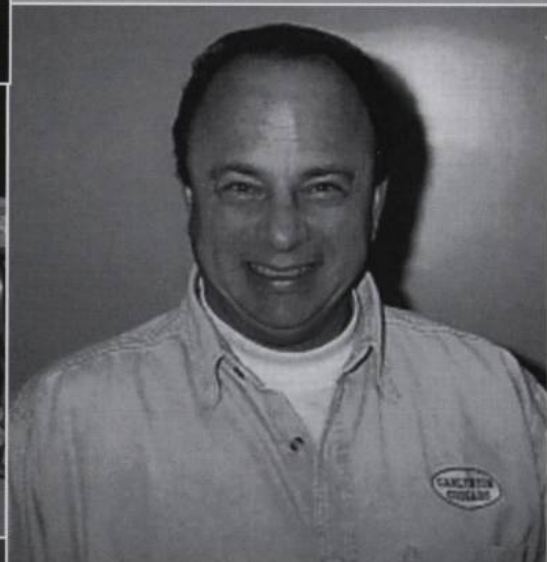

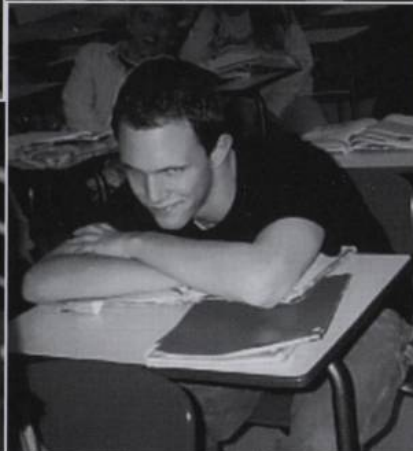

Tim Caine, a senior, belongs to Troop 42, which meets in Greentree. He earned his Eagle Scout honor by helping to build a trail for the Chartiers Nature Conservancy. The trail is located next to Chartiers Creek, between Carnegie and Crafton. Tim and about 20 other scouts cut down trees and bushes, cleared brush, and widened a path for walkers and joggers. The entire project took about 180 hours to complete.

As can be seen above, all four Crafton Eagle Scouts were honored by having their names on the large billboard by the Crafton Athletic Field. They were also honored at the Crafton American Legion and at Soldiers & Sailors Hall by the Allegheny County American Legion.

SONG

"Good Riddance (Time of Your Life)" BY GREEN DAY

Another turning point, a fork stuck in the road.
Time grabs you by the wrist, directs you where to go.
So make the best of this test, and don't ask why.
It's not a question, but a lesson learned in time.

It's something unpredictable, but in the end is right.
I hope you had the time of your life.

So take the photographs, and still frames in your mind.
Hang it on a shelf of good health and good time.
Tattoos of memories and dead skin on trial.
For what it's worth, it was worth all the while.

It's something unpredictable, but in the end it's right.
I hope you had the time of your life.

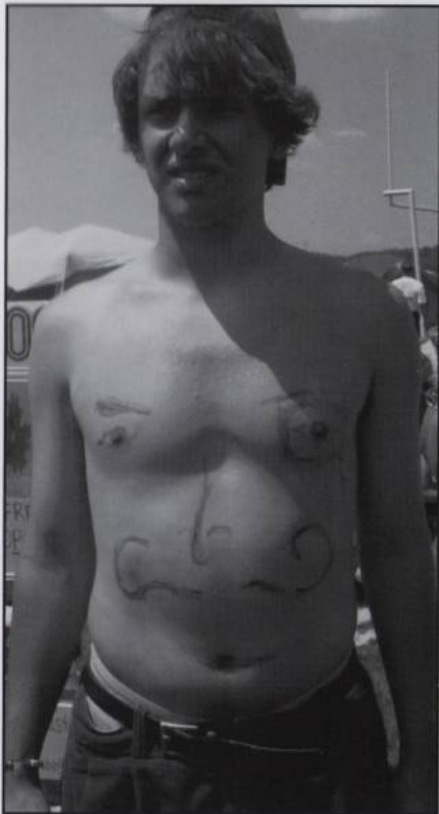

It's something unpredictable, but in the end it's right.
I hope you had the time of your life.

It's something unpredictable, but in the end it's right.
I hope you had the time of your life.

Relay 4 Life

Relay for Life is a unique, fun way to increase cancer awareness while raising much-needed funds for the American Cancer Society's fight against cancer. A team of 10-15 members joins together by hosting a campsite on the Carlynton High School field, then takes turns walking around the track during the 24-hour event. Entertainment, costumes and lots of food make it a great day.

Despite what some may think, boys and girls are both members of the same species. We have all heard the common phrase, "men are from Mars and women are from Venus," but what happens when you put Martians and Venusians in the same school? We all know how the media portrays boys and girls. Girls are innocent and kind, and boys are troublesome and rugged. There are, however, many ways that this stereotype can be dissected. For instance, a girl's daily routine might consist of getting up, taking a shower and carefully picking out an outfit

and then spending another hour doing her hair and makeup. A typical guy's morning might begin by getting up about 10 minutes before getting dressed and heading out the door to school. Appearance is only one of the many differences between boys and girls. Emotions, relationships, sports, and of course physical features, also vary. Although there are many differences between the sexes, we seem to get along just fine. In fact, in spite of our differences we have come to realize that maybe we are not that different after all.

Concert band this year has accomplished a great deal in a short amount of time. Not only have the members performed two concerts with a plan for a third, they have also hosted district band, an event considered a wonderful honor for any school. Another plus to the year so far – the students were allowed to select two pieces of music for the March concert. Directed by Russ Pedersen, the band is improving with each concert, and in early March, it joined in with the chorus to take a trip to Heinz Hall to see a real symphony and talk to one of its members. Hopefully, the underclassmen will take up the responsibility of making beautiful music and continue the trend of improvement. Good luck, band, and have fun!

Junior High

Mr. Palonis' annual field trip to Independence Marsh (of the Beaver Valley Conservation District) with his 7th grade Science class has become a thing of legend. Again this year, the students (and even the chaperones) enjoyed it immensely. They had fun wading in the swampy water doing a "diversity index" of the marsh by collecting and analyzing the organisms that live in it. It also gave all involved a welcome respite from the daily grind of science class!

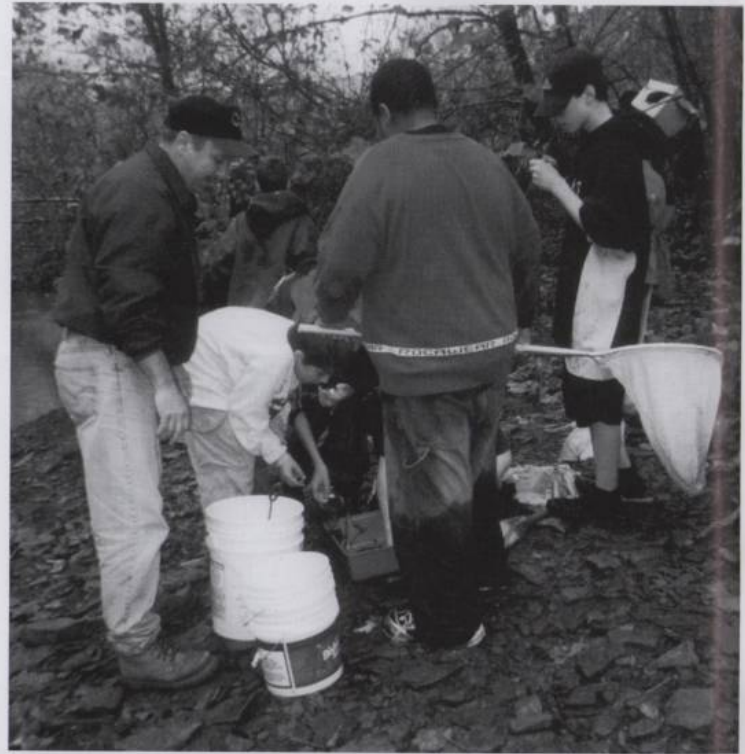

Chaperones Mrs. Lisa Barber and Mrs. Cheryl Manzella had a great time, too!

Jane Conley takes a rest on the forest floor before she hikes off again to discover more bugs and "stuff."

Mr. Palonis and his students gather around a bunch of specimens . . . they look slimy!

Hiking along the stream, Theresa Drennan, Bridgette Suchma and Ashley Mongelli are all looking for interesting organisms to add to their collection.

Greg Kortisky carries his net, which looks like it's filled with mud, while Miranda Marsteller.

Months of dedication and work are required before the Future Cities of America Competition takes place, but this year, the Carlynton Team, almost unknown to the rest of the school, was rewarded for all the time and effort expended with a 10th place finish

(out of 32 teams). The competition has four parts -- a computer-generated city, an essay, a 3-D model and a presentation to a panel of judges, some of whom are engineers. Spanning the months of September through January, The City is created by a team open to volunteers in 7th and 8th grades. Each team consists of three students (voted on by all), a teacher and an engineer. The students are rewarded with a \$50 savings bond for each award, and because Carlynton won two awards ("Most Effective Fire Protection Delivery" and "Best Power Supply System"), each student took home \$100 in savings bonds. Great Job, Team!

Just keep swimming. Just keep swimming

Leanne,

Well, Baby Girl, a lot has changed in 28 years. You went from training wheels to a set of "wheels" of your own. You went from riding the rides in Kiddieland at Kennywood to operating them. You went from your famous "Pebbles" hair and being the "Maxwell Street Tomboy" to long beautiful curls, ribbons, and lace. In those 28 years, you were transformed from "Wittle Sistew WeAnne" to "Leanne" to "LeLe." It's hard to believe another big change is about to occur: Our Baby Girl is college-bound. As you follow the Yellow Brick Road of Life, remember this: There's No Place Like Home. We will always be there for you, and be assured that one thing will NEVER CHANGE: You will ALWAYS be our Baby Girl.

All Our Love Forever,

Mom, Dad, Dan & Wendie

Lea,

You went from my LFSIL to my LS, and I am glad for that. From watching Felicity to One Tree Hill, from not liking each other to being my maid of honor, and who can forget our Sunday night dinners that lasted one time! Special memories from the past, and more to come in the future. I hope that all your wishes and dreams come true and may nothing get in your way. Good luck in all you do!

Sister in law, in you I have found,
a special friendship, and more.
A sweet little sentiment just to say,
you are special and treasured everyday.
And also a thought, to say to you,
Thank you and much more,
for being a special,
wonderful, sister in law.
-CRS

YLS,
Wendie

Dear Kirsten,  
The moment you were born,  
we can recall thinking what a miracle,  
this perfect little girl.

As you were placed in our arms,  
we became the proudest parents that  
anyone could ever have imagined.  
In our wildest dreams, we could not  
have dreamt it could possibly get  
any better than that moment.

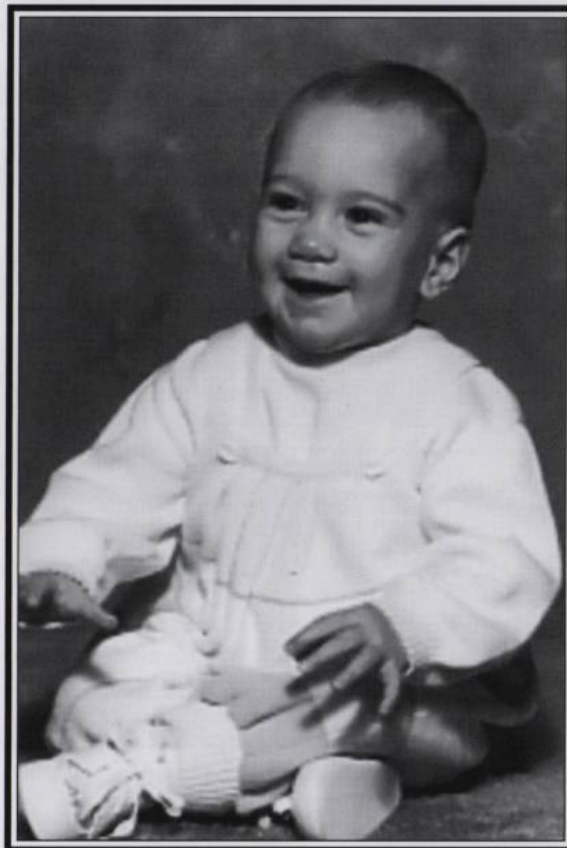

But as our lives went on with each  
and every day, it has gotten better.  
You have grown and matured to be you.

The person you have become  
and what you stand for  
make our hearts swell.

We love you for who you are  
and what you have accomplished.

We will always be there for you.
