DRIFTING AWAY...

CARLYNTON STUDENTS LIVE UP THE SUMMER OF 2000!

Summer. Ahhh....Just the sound of that word is music to students' ears. From the second the bell rings on the last day of school, students are awash with the feeling of freedom. Freedom from teachers, homework, tests, detention and most importantly, freedom to sleep 'til the late afternoon hours.

Once school finally does let out, Carlynton students take advantage of their new-found freedom and cherish the next three months as much as they can, whether it be lounging in the sun or going away on an awesome vacation. Some students even get summer jobs such as lifeguarding or working at a local hang-out.

Vacations are always a highlight of everyone's summer and lots of teenagers take a friend along with them, to lessen the "Grizzwald-family-vacation"

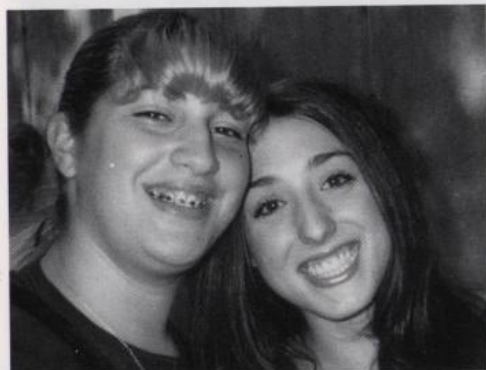

feeling. Students come home telling stories of new love interests or friendships that they will never forget, as well as sporting dark tan.

The long hot days of summer, unfortunately, fade faster than ever and before everyone knows it, there's talk of going "school-shopping" and getting new schedules. Although the summer's end always brings a sense of sorrow, students start to grow a little more excited about going back to school. Back to football games, back to pep rallies and back to all the other fun stuff. However, the seniors don't have that. Instead, they will grow a little more excited about heading off into a new world and looking back on Carlynton as just a memory. Whatever Carlynton students' fates may be, it is certain that those summer days will always be remembered.

-Bridget Herrmann

▲ Ready for a night on the town are Liz Rogers and Betsy Shields. These girls will definitely get some summer lovin'!

▲ Dawn Dombrowski and Amanda Ambrozic take a pause from the hot summer sun and hide out in the shade. Hope they didn't forget the sunscreen.

▲ Ahhh...the good 'ol days. Showing what fun in the sun really is are juniors P. Sweeney, Jon Cuffs, Nick Eonta, Andrew Jurczak and Mike Mazzoni.

▼ "Say what?" Sasha McKamey gets interrupted right before the hike of the football from his pals.

▲ Remembering their playground days, these juniors take a spin on a merry-go-round propelled by Mark Bell. Hold on tight. Mark's stronger than he looks!

▲ Glen Stolburg and Jeremy Cantley stand with a member of their favorite band after a hot summer concert.

▲ Queens of Myrtle Beach, Rachael Ban and Bridget Herrmann, hold on tight not just to each other, but to the fast passing days of summer.

▼ Hey you two aren't life guards! Jaime Cyprowski and Emily Weinheimer sneak into the big chair when no one's looking.

▼ These girls know that summer is all about just hangin' out with your friends and having a good time.

Homecoming

Homecoming has always been a highlight of Carlynton's social scene and this year was no different. Homecoming weekend was kicked off on Friday 13, 2000, with the annual parade followed by the game. At half time, the court and their escorts were recognized individually. Finally, the big moment arrived and Miss Tara Wilmus was crowned the 2000 Homecoming Queen.

The next evening, all students in grades 10-12 were invited to attend the Homecoming dance. The sophomores did an excellent job in raising the money for the dance. This year's song was "All My Life" by K-Ci and JoJo. "All My Life" contains many memories for the senior class because it was also their Spring Queen song in ninth grade.

- Emily Weinheimer

Homecoming Dance

Homecoming has always been a highlight of Carlynton's social scene. And this year was no different. Homecoming weekend kicked off on Friday, October 13, 2000 with the annual parade followed by the game. At half time, the senior class recognized the court and their escorts, then announced the queen. Tara Wilmus was crowned as this year's Homecoming queen.

The following evening, all students in grades 10-12 were invited to attend the Homecoming dance. The sophomores did an excellent job in raising the money for the dance. They chose this year's song as "All My Life" by K-Ci and JoJo. "All My Life" contained many memories for the senior class because it was also our song in ninth grade for Spring Queen. The seniors laughed, dance and sang as their final Homecoming came to end.

SENIOR PEP RALLY

▲ Stephanie Powell and Stephanie Pinelli "shake it fast" in the senior girls' dance.

The Senior Pep Rally is a long-standing tradition at Carlynton. On October 27, the Class of 2001 carried on that tradition.

The Pep Rally opened with one of the two senior girls dances. Following that, the senior football players and their escorts were announced. Next, came the second senior girls dance. After that Jason Smith read the Senior Poem and Kellie Tolkacevic read the Senior Speech.

Finally, "I've Had the Time of My Life" rang out through the gym. The seniors hugged and cried during their song, for this was their last pep rally.

- Liz Baker

► Mr. Jones...no wait...That's Jason Smith! What are you doing in there?

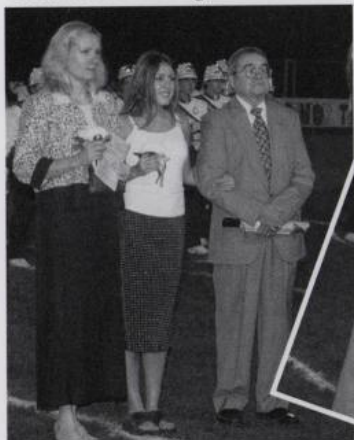

▲ Kim Steiner and Jesse Valentine get jiggy with it at the Senior Pep Rally.

Senior Nights

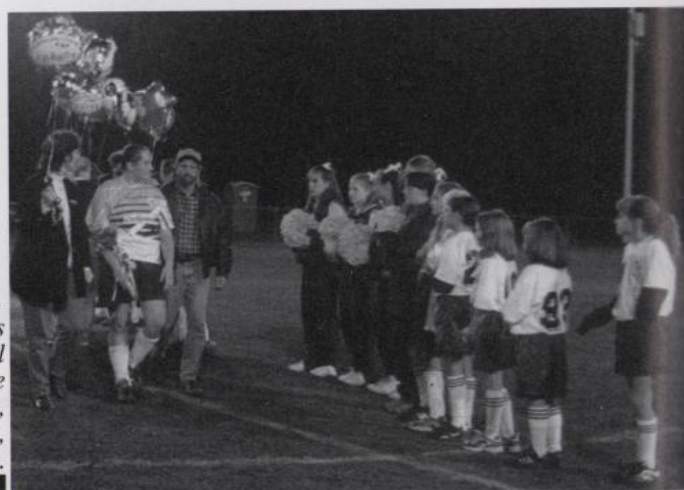

The Senior Night ceremony is a yearly tradition at Carlynton.

Senior members of each sports team are recognized for their contributions over the years to their teams.

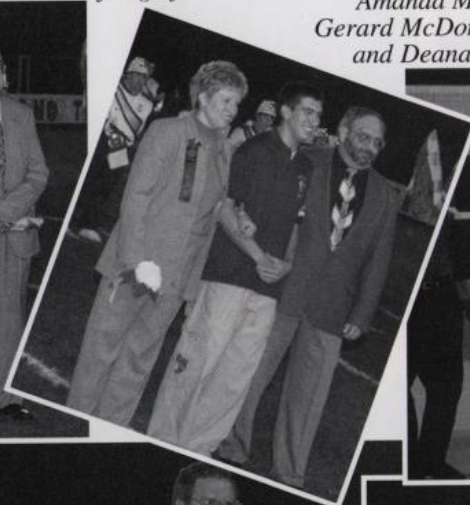

▼ There was a joint ceremony for golf, tennis, band, cheerleading, and football on the night of the last home football game. Here Mary Esch is recognized for her contributions to girls' tennis.

► Brandi Jula seemed to enjoy the girls' soccer senior night.

▼ Adam Mitner was recognized for golf.

▼ The three seniors on the volleyball team this year were Amanda Murray, Gerard McDonough, and Deana Jirak.

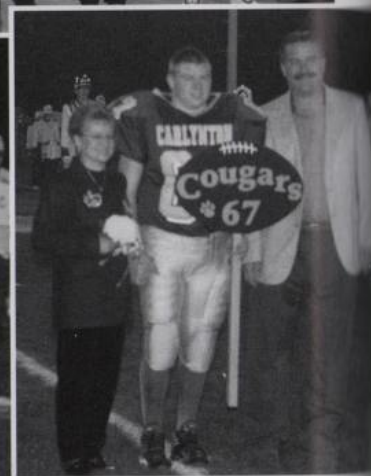

▲ Not only the athletes, but also their parents are recognized on Senior Nights. Elizabeth Baker and her parents strut their stuff as she is acknowledged for cheerleading.

▲ Jesse and Josh Valentine's parents looked very proud as their twin sons were honored for their dedication to football.

▲ Senior members of band wore ribbons and crowns to stand out on their big night. Here Phillip Norbeck shows off his new hair style--his hair was sectioned off with shiny ribbons.

▲ Most teams, like football, hold their senior night on the night of their last home game of the season. Here Anthony DiPietro and his parents show off one of his senior gifts--a football yard ornament decorated with his number.

◀ Senior banners are a traditional part of senior nights at Carlynton.

► Senior night is emotional for not only the players and the parents, but also for the coaches who have to say good-bye to students they've grown up over the last four years.

◀ This cute couple, basketball player Mickey Braithwaite and cheerleader Rachael Ban, enjoy their senior night together.

Senior Dress Up Day

▲ Hey, it's Joe Rynn and Jason Smith. What's up?

Creativity was running through the veins of this year's senior class. Some costumes that seemed to stand out were Kim Steiner's Gizmo outfit, Kaci O'Brien's Kangaroo ensemble, Sean McQuillan 's Yosemite Sam gear, and Mike Geinzer for his interesting interpretation of a garbage man. Some seniors decided to dress up in groups. Stephanie Pinelli, Stephanie

Powell, Jamie Hartung, and Natalie Loerlein became cave girls for the day. Chris Brylka, Justin Crise, and a few others were all camouflaged out. Chelsea Falcioni and Jaime Cyprowski were the fembots from the Austin Powers movies. And finally, last but not least, Joe Rynn and Jason Smith as the "upside down couple." Great job to all the seniors that dressed up for the day. It was a 'ghouilly' good time.

JUNIOR HIGH HALLOWEEN DANCE

There weren't many people at the Jr. High Halloween dance this year, but that sure didn't take away from the fun. Everywhere you looked there were pirates, princesses and Power Rangers, all having a great time.

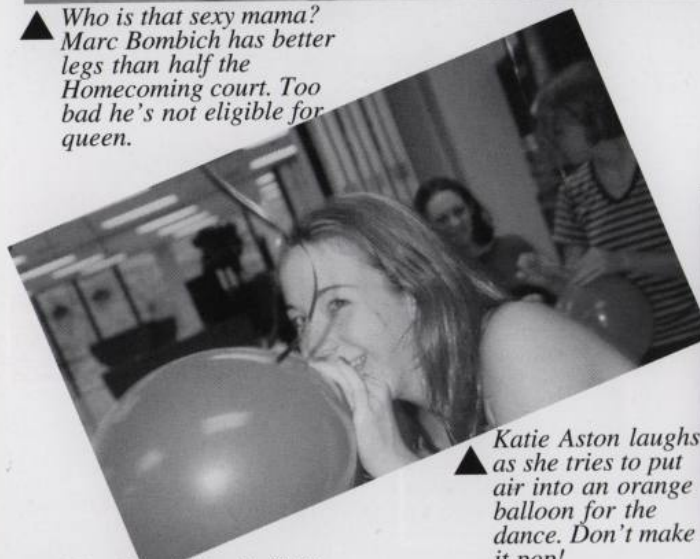

Some highlights of the dance were a live DJ, who played the song's music video on a giant screen, free food and drinks to snack on, and of course the major excitement occurred when they held the best costume award. The winners were chosen by the crowd, and won a \$10 gift certificate to Mediaplay. The winners were: Jeana Hickling as a Central Park skater, Guy Dedola as "a Nerd," and Marc Bombich as a sexy(?) female.

For all those who couldn't make it this year, be sure to dress up and come down for the fun that's sure to be there next year!

▼ Guy Dedola show off his nerdy muscles, while Jeana Hickling sticks out her tongue in her award-winning costume. Lookin' fierce, guys!

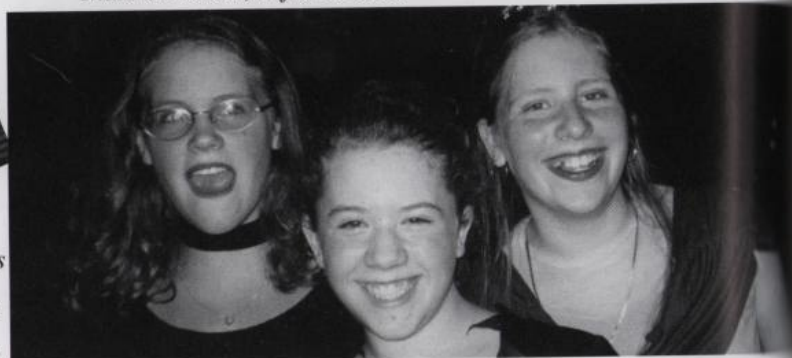

▲ Who is that sexy mama? Marc Bombich has better legs than half the Homecoming court. Too bad he's not eligible for queen.

▲ Katie Aston laughs as she tries to put air into an orange balloon for the dance. Don't make it pop!

▼ Christine Arthur, Stephanie Shearer and Amber Nagy are having a great time at the Halloween Dance and are hoping that it never ends. Go dance, before it does!

CARLYNTON'S FIRST EVER POWDER PUFF FOOTBALL GAME

◀ The girls exchanged intimidating glances at each other as the tension rose.

This year the senior class officers created a brand new tradition at Carlynton High School. That's right, there was finally a powder puff football game at CHS. In this game, the junior and senior girls play flag football. Each team was very dedicated to practicing. Volunteer football players from the junior and

senior class helped to coach the girls. The game was held on Friday, November 10, in the afternoon before the Sadie Hawkins dance. It was played on the field in front of the high school. At half-time, another new tradition was started. The senior class elected 10 boys to be on the Sadie Hawkins court, and each boy paraded across the field with his escort.

▼ Sarah Rogers and date Gerard McDonough display their tribute to their favorite wrestler.

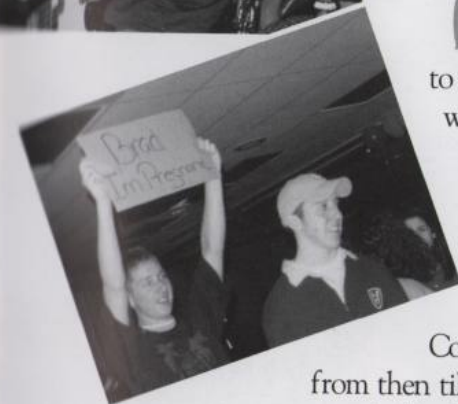

◀ Chad Kolarcik, Nicolas Bessuejouis, and Brian McMahon wait for their dates after the dance.

From the excitement of the Powder Puff game to the live band playing that night, Sadie Hawkins was a dance to remember. Just some background information: there is a tradition to Sadie Hawkins. First off, the girls are supposed to ask the guys to this dance, and the couples have to wear matching outfits. The dance is merely an excuse to have fun. And boy was it ever!

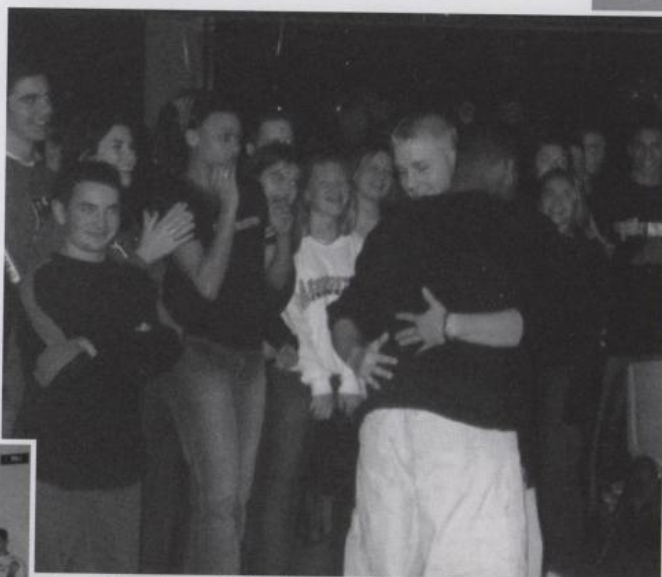

Couples arrived at the high school at 7:00 p.m. and from then till 10:00 p.m. they boogied on down. Music was provided by DJ Chuck Web, and also live entertainment arrived when Base 84 plugged in for a set. There were pictures to be taken, and food to be eaten. But most of all, Sadie Hawkins was about getting together and having a good time.

-Mary Koczan

▲ Brad, you've got a lot of explaining to do! Ed Pockl seems to make a confession to Brad, but is really impersonating his favorite Blink182 music video.

► Vince Curtin and Sasha put aside the tension between their grades from the Powder Puff game to dance to the music provided by Base 84.

▼ Everyone in grades 10-12 seemed to have fun at the Sadie Hawkins Dance!

Just Wanna BANG ON THE DRUM all day

Carlynton Students can't wait for payday.

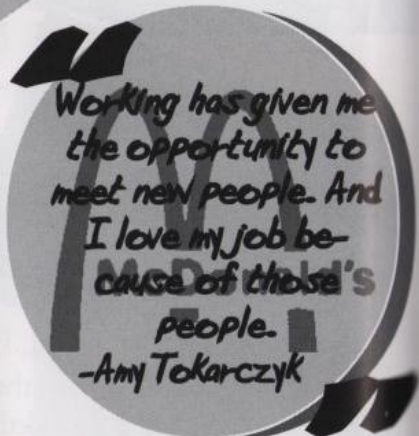

2:07. School's out and everyone's done working for the day. Right? Wrong! These days, more and more high school students are spending their days after school at local businesses, working for the paycheck that comes twice a month.

Looks like Carlynton students are tired of cheap allowances. They want to be able to have their OWN money to spend. Money that they've worked hard for. The money is used going out to eat, buying some new clothes, paying cell phone or pager bills or even (surprise!) saving it! No matter what students do with their money, it's obvious that they have gained a large amount of responsibility from having a job, and that is more valuable than anything.

I CAN'T GET ANY CRAZIER!

Sometimes school can get a little slow and boring. Most of the time it's what we do *outside* of school with our friends that makes the memories. However, the weird student body at CHS has somehow managed to make the school days pass quicker by being just plain crazy.

The mini-mag is the section of the yearbook where we as students, well, let loose. It provides the opportunity to shine some light on Carlynton's

finest (Spotlight pp. 30-31), reflect back on the past 365 days (Year in Review p. 24) and hear what the seniors have to say (Seniors speak out, pp. 32-33). It lets us be as crazy as we want to be.....sometimes! And Carlynton students are led by the craziest class ever: the class of 2001.

This mini-mag is a reflection of a lot of things. It shows what a fun place Carlynton can really be some-

times. It shows what great students attend CHS. But most importantly, it shows the greatest class of all, the seniors. No matter what, it can't be denied that this year's seniors CAN'T GET ANY CRAZIER!

WHAT'S IN A MULLET?

We here at the mini-mag staff have noticed a slight craze going around Carlynton about a certain haircut: the mullet. It seems that these days you can't go anywhere without hearing about the mullet someone saw at Wal-Mart last night or how so-and-so lost a bet and has to grow a mullet. Many people know what mullets are, some even have collections. (We admire these people!) But for those who have absolutely no idea what a mullet is, we have provided a definition up in the corner there, courtesy of one of our favorite mullet websites.

We admit, we love the mullet just as much as everyone else. So we decided to make the first ever Reflections Mullet page. However, instead of putting in pictures of people we hardly knew, we decided to give some of our favorite CHS faculty members Mullet make-overs. Please, don't take anything too offensively, it's all in good hockey hair fun. So sit back, relax and enjoy the mullets.

mullet [MUHL-ihht] (1) A noble fish of wild waters. "Mullet" is also used to identify many fish that are not mullets. Most Mullets are small fish, butchered by fishermen to catch larger fish. (2) The word "mullet" is also commonly used to refer to a really bad haircut; a clean shag or spiked top, with long ungroomed hair in the back.

Mr. McAdoo has a mullet that's definitely worth admiring. Even the fluff on top is perfect.

Ms. Loos's mullet is totally wild and needs to get a vocabulary for its behavior.

Mr. Herniman's mullet is getting long and looks like it needs some guidance in growing.

Senora Kiser's mullet is muy bonita and is sure to attract all the chicos y hombres.

STEP INTO THE SPOTLIGHT

SHEDDING SOME LIGHT ON CARLYNTON'S FINEST.

Junior Cara Walkowiak has an amazing voice that's taking her all over the place. Last winter, Carlynton hosted District Chorus, a gathering of exceptional singers from a specific district in Western PA. Cara made it into the choir and was also selected as an alternate for Regional Chorus, which is a gathering of vocalists from a wider area. This year, Cara auditioned again for Districts and made it. She also advanced on to Regions as well, which was held at Carlynton this past spring. Along with this, Cara played the lead role of Esther in this year's musical "Meet Me In St. Louis."

Sisters Liz and Margaret Tassaro have experienced the adventure of a lifetime while still being in high school. They were selected (along with seventh graders Jaylynn Sapsara and Sarah Black; not pictured) by the People to People Ambassador Program to travel over-seas this summer. The sisters departed in July for a 23-day Mediterranean tour. It enabled them to spend time in foreign countries learning about the governments, economies and cultures through activities such as discussions with industry and trade officials, site visits to the headquarters of international organizations and meetings with youth clubs. The girls have made CHS very proud.

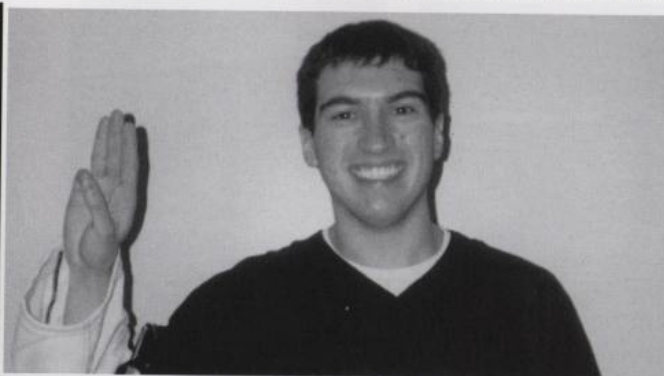

Emily Tokarczyk, a senior at CHS, (along with Katie Dunmyer, not pictured) was chosen to be an assistant tour guide at Carnegie Museum of Art in Oakland. Emily is an amazingly talented artist who is planning a career in art, and plans to attend a four-year college for art, too.

"But, Coach, we all want a piece of the pie." -Mike G / "Nosotros nos gustan las papas fritas!"

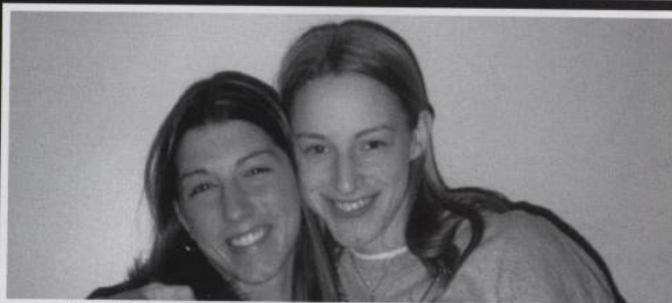

"They should teach aerials before cartwheels!" / "Robbie Schirripa-HOLY COW!" / "Engine lift!" /

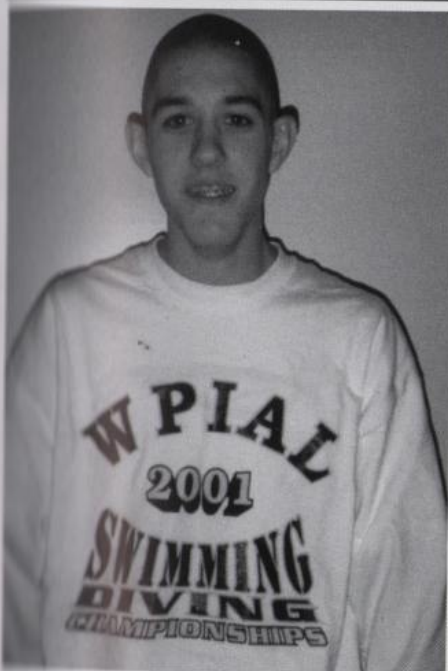

Amber Chess, a junior here at Carlynton, knows more than just one language, and it's not something that can be taught by Senora Puchi or Madame Earls. Amber knows sign language. She volunteers her service at her church during the worship service and signs to all of the songs. Amber's involvement in helping those who cannot hear is an amazing talent that makes Carlynton proud to have her as a student. Kudos to you Amber, and keep up the good work!

Adam Mittner is a senior at Carlynton High School who has achieved Eagle Scout status, one that is most highly revered in the Scout organization, and involves fulfilling many stringent requirements. Adam also visited the country Chile in South America a year ago with his Scout troop, and plans to attend Florida State next fall.

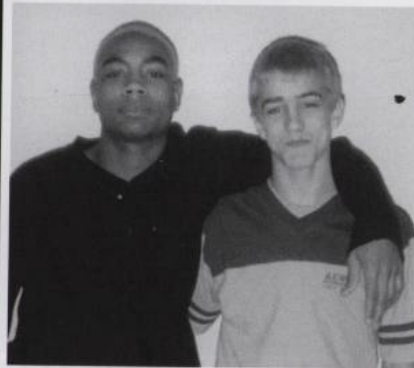

Two senior members of the wrestling team, Jamal Hatcher and Josh Valentine, are bringing wrestling back to CHS in winning style. The two boys qualified to wrestle in the WPIAL Regionals and did well, and Josh went on to States.

Surpassing big marks in points this year are basketball players Kristen Bonner and Kacy O'Brien. Kristen reached her 1,000th game point this winter. Kacy broke Bonnie Rimkus' school record of 2,193 in a play-off game against Serra, and ended the season with 2,238!

Andrew Jurczak is a junior swimmer at Carlynton who is swimming his way towards gold. At the 2001 WPIALS in February, Andrew swam his way right into the States competition. With a shaved head and all, Andrew hopes to break some records in his future.

The Poem

An array of dreams is now at our reach
As the years begin to subside.
We will be gone, and out on our own,
Leaving all of our friends behind.
These memories are something we will
never forget,
Yet somehow I know they will fade.
Except for those moments, like the first day
we met,
And those special friendships we made.
Remembering our happiness, sadness and joy,
And the times that made us all blush.
From our first school dance to our very first
kiss,
And always that first secret crush.
We started alone, in a world so big,
Our lives, so very small.
But then we bonded and started to mend,
As one, so precious to us all.
As time winds down, emotions flow through
our heads,
Like relief, frustration and worry.
We all are a part of this roller coaster ride,
A long sentimental journey.
But when it's all over, the tassels are flipped,
And our caps are tossed into the sky.
I hope no word has gone unspoken,
This is our last chance to say goodbye.
Each tear you cry is a memory pouring out,
And I can see those tears in your eyes.
Don't be afraid of the end that is nearing,
For it's just a new beginning in disguise.

-Jason Smith

Look around at all those faces. These are the people we see in the halls. We see them at many places. Some of them are there to hear your calls, they are there to melt your fears and they molded you into the person you are. Just by wiping away those tears, you know they are never far. Although we haven't always gotten along, we still have memories to share. We have to stand strong and show that we care. We are the class of 2001 and today is our day. We can dance in the sun. Today, our future has begun. Together we can cry, We can unite as a class, but we must not say goodbye. That time will come when we walk out that door. Some of us will look back, others' hearts will soar. Today, let's make a pact. Together we will rise and together we will fall. Together we will win the prize and prove to everyone we are the best of them all!

The Song

Now I've had the time of my life/ No I never felt like this before /
Yes I swear, it's the truth / And I owe it all to you / I've been
waiting for so long / Now I've finally found someone to stand by me
/ We saw the writing on the wall/ As we felt this magical fantasy /
Now with passion in our eyes / There's no way we could disguise it
secretly / So we take each other's hand / 'Cause we seem to
understand the urgency / Just remember / You're the one thing /
I can't get enough of / So I'll tell you something / This could be love
/ Because I've had the time of my life / No I never felt this way
before / Yes I swear it's the truth / And I owe it all to you / With
my body and soul / I want you more than you'll ever know / So
we'll just let it go/ Don't be afraid to lose control, no / Yes I know
what's on your mind / When you say "Stay with me tonight" / Just
remember / You're the one thing / I can't get enough of / So I'll tell
you something / This could be love because / I've had the time of
my life/ No I never felt this way before / Yes I swear it's the truth
/ And I owe it all to you / But I've had the time of my life / And
I've searched through every open door / 'Til I found the truth / And
I owe it all to you / Now I've had the time of my life/ No I never felt
this way before / Yes I swear it's the truth/ And I owe it all to you!

A NOTE FROM THE MINI-MAG EDITORS!

Well, here it is: the big bad mini-mag. Right now, we're writing this at the VERY last minute. The deadline is in about thirty minutes(VIKES). From how everything looks now, we're pretty proud of this mini-mag. And just so you know, we worked VERY hard to make it the best ever. We tried to include everything while not crossing too many "lines." If your stuff isn't in here, then think back...did you turn in a survey??? To those who did, a big THANKS! But please, have fun with the mini-mag, that's what it's here for. We went to great lengths to make it the best, so we truly hope you love it. This mini-mag is dedicated to the senior class of 2001 who definitely "can't get any crazier!" We have definitely had the "time of our lives." But ANYWAY, deadline is calling and we WANT TO GO HOME!

All our love,

National Honor & Society

National Junior Honor Society

▲ Jonathan Jirak's and Nitin Aggarwal's favorite part of the induction ceremony is the free food that follows.

The flame passes down the aisles, moving through the seats like a wave to illuminate the figures cloaked in darkness. This is not a cult, nor is it the annual meeting of

Pyromaniacs Anonymous. This is the annual induction ceremony for the National Honor Society and

National Junior Honor Society -- the summits of academic achievement and citizenship here at Carlynton.

So what does it take to put oneself into this exalted rank? A 92% or above GPA qualifies one to receive an application, which questions the candidates' extracurricular activities, leadership abilities, citizenship, and character. Even after the induction, service projects and grade point average requirements must be maintained.

Carlynton's popular Interact Club is sponsored by the Carnegie Rotary, and directed by faculty coordinator Ms. Orlovsky. This past year, the club completed a variety of activities. Some of these included the annual

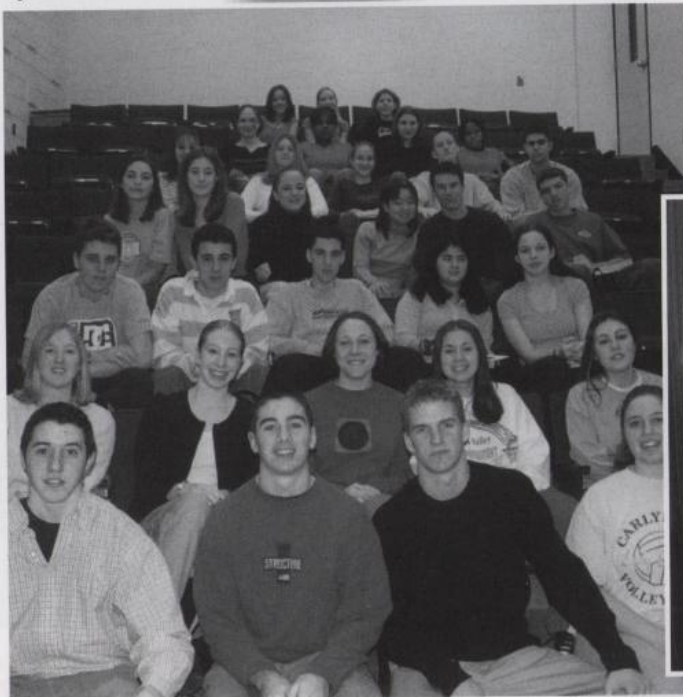

hayride, working the parking lot and the concession stands for the home football games, elementary school open house, wrapping presents at the airport, and Christmas caroling.

A special thanks goes out to this year's club officers (pictured below), as well as club sponsor Ms. Orlovsky. Congratulations on another successful year and a continued effort to improve Carlynton and its surrounding communities.

When Students Aren't Strong, Peer Helpers Are Always There To Help Them Carry On.

Making new friends, helping others, and having fun are what Peer Helpers are all about. We have 23 new Peer Helpers this year, who joined with 33 from last year. The new Peer Helpers went to The Linsly Outdoor Center for a weekend of basic training. During that weekend, they were faced with different challenges. Whether it was the low ropes course or learning ways to help others, everyone had a blast. When they came back to school,

they also were trained in B.A.B.E.S. (Beginning Alcohol Basic Education System) and Peer Media-

tion. B.A.B.E.S. is a puppet show performed at the elementary schools for the kindergarten, first and second grade students.

For the holidays this year, they sponsored a family in need, a single mother and an AIDS patient. Last year's turnout with "Sponsoring A Family" was phenomenal, so they decided to do three this year! The Peer Helpers are hoping to do additional fundraising throughout the year.

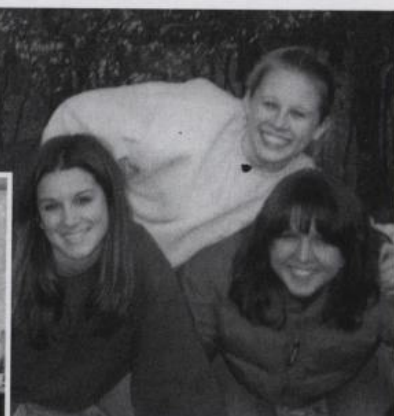

The most important things about the Peer Helpers are their kindness and generosity to others. So, if you need someone to talk to when you feel no one is listening, remember, "Lean On Me."

WINTER GUARD

Carlynton's Dance Team: Not just another face in the crowd

It's an empty gym floor. Suddenly, a line of eight Carlynton girls carrying black hats walks onto the court. The judges are ready, and the girls kneel down in unison, signaling that they too are ready to begin. The routine they will be performing is to Frank Sinatra's "(I Did It) My Way," mixed in with the rock hit "It's my Life" by Bon Jovi. This elite group of girls, led by Ms. Laura Begg and Ms. Natalie Earls, consists of Leah Bassano, Tabitha Caine, Deseia Carter, Joyce Charley, Niki Fiori, Julie Green, Teresa Torchia, and Sasha West. After practicing for months, they showed they were ready to take on the competition, and have since been showing other schools just what this first dance team can do! After throwing off their hats with an attitude of "doing it their way," they go into a series of jumps and spins and a bright flag routine. The routine ends with the audience providing rounds of applause. The girls walk off, knowing they did the dance "their way."

The girls would like to thank Ms. Begg and Ms. Earls for devoting their time and talents, and wish the best of luck to next year's squad.

Carlynton's Basketball Pep Band

This year, at Mr. McConnell's request, a pep band was formed, which played at the girls' basketball home

games during breaks in the game such as time-outs and half time. They are to be commended for how quickly they got together under the leadership of drum major Stacy Nicoletta -- they even had shirts made to use as uniforms. Fans hope this new tradition will remain at Carlynton for many years!

Concert Band is more than just practice, practice, practice. It's about the social experiences. It's about friends and memories. Concert Band works hard all year for only two performances. Needless to say, a lot of hard work goes into each performance.

The music is selected by our band director. This year the band has a new leader, Mr. Denti. Mr. Denti took the band to California University to get "adjudicated" this year.

Concert band is split into two sections, Introductory Band, grades 7 & 8, and Senior High Band, grades 9-12. The students that have first chair play solos. Students in grades 7 & 8 work hard and practice so they will be ready for their ninth grade year.

Mrs. Lear teaches how to match pitch, the importance of jaw movement, the proper way to stand or sit when singing, and how something as simple as the way you say a word can change a song.

From Christmas to spring the various chorus classes put on many concerts. Every year there is a Christmas concert and a Spring concert. Also, students have the opportunity to perform at the Pittsburgh International Airport. As an added bonus this year, chorus members got to sing for the school board, thanking them for the new robes they received.

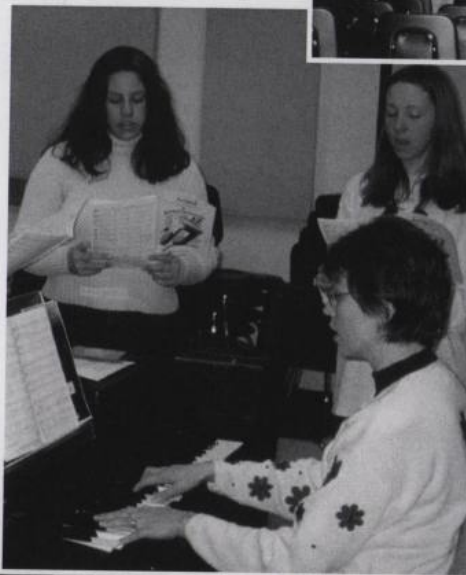

Chorus is a great class to take. It shows that music is just as important as any other class offered at Carlynton.

Noises OFF

What do you get when you combine a huge rotating set, sardines, and English men and women -- in their underwear? The answer is simple: Carlynton's production of the hilarious play "Noises Off." This year's play will stand out in CHS history for a few reasons.

First, the audience members returned to their seats this year, in contrast with the last two years, when they viewed the plays from the stage where they were performed.

Also, they didn't remain in those seats for the whole time--two 15-minute intermissions occurred each night.

Then, a huge set needed to be constructed to support such a detailed performance. This set had to rotate between acts to show both of its sides. Luckily, this task was successfully accomplished with the skill provided by the set crew, chaired by Mr. John Mittner, an actor's father.

This year's play was a comedy, again contrasting with recent ones, which

..... were dramas. The audience laughed as jokes were cracked, actors' pants fell down, phones flew across the stage, and everything seemed to fall apart in the "play within a play" in Acts 2 & 3.

..... This play within a play was called "Nothing On." The play itself centered around "Nothing On," illustrating a hilarious version of

what really happens behind the scenes. Since the play within a play had to be done three times during "Noises Off," each time doing things slightly differently, the actors and

actresses had to master timings perfectly.

The success that resulted was not the work of just the nine performers who got parts. There was a lot of work done behind the scenes as well.

Volunteer adults designed the costumes. Mrs. Herrmann made the programs. Also, a phenomenal job was done by the sound and lighting team and stage crew, all made up entirely of students.

All in all, the production was appreciated and next year's performance is anxiously awaited.

Newspaper Reborn At Carlynton

by Jessica McWilliams

For two years, Carlynton was without a literary publication. The newspaper class was abolished, and the only remains of the *Cougar Times* were a few old issues kept in a rusty drawer in the yearbook room.

And then, a ray of hope. In the fall of 2000, Mrs. Cynthia Eddy resumed as the faculty sponsor to the paper, and a handful of dedicated students took on the tremendous task of producing the premier edition, in October 2000. It covered Homecoming 2000, fall sports, and what felt like every other autumn activity, from Sadie Hawkins to the Senior Pep Rally. It was at times frustrating, and always tedious, but the release of that issue marked a smashing debut for the new *Cougar Times*.

It is hoped that the paper will continue for Carlynton's future generations of journalists.

▲ Newspaper's most successful fundraiser is the one-liners they sell and publish in each issue.

► "The Cave" is home sweet home to newspaper and yearbook editors alike.

▼ This staff member is hard at work on one of newspaper's computers.

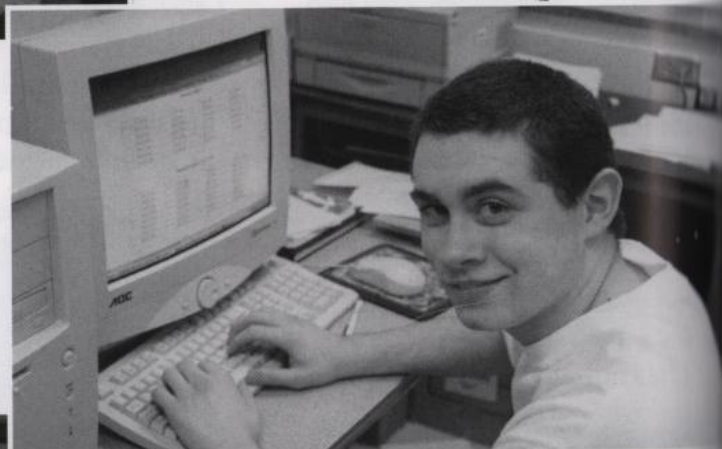

◀ The Cougar Times has a new look to go with the new millennium.

◀ Graphics, graphics, graphics. Since all text and no fun does not make for happy readers, Fuzzy McCahill and Jessica McWilliams take a lot of time to find the perfect picture to fill that blank white space. Fuzzy and Jessica are the heart of the newspaper, as they do the vast majority of the work to get it out.

▼ Brian McCahill spends so much of his time on the computers, it seems the keyboard is just an extension of his arms.

The Staff

Time is running out. You need an article written and three kids didn't turn in their pictures. You were informed that there wasn't going to be a hockey or bowling team and now there's no room for those teams. ... and what do you mean David Wholey wasn't on Sadie Hawkins Court? What do you do? And yet most students think the yearbook just falls together!

There was a lot of work put into this book that you're reading right now-- a lot of work with only one reward: free food.

This year's staff, led by editors Deana Jirak, Bridget Herrmann, Mary Koczan, Brian McMahon, and Adam Mittner, noticed that major changes needed to be made in the way the yearbook was put together. Unfortunately, it was

PULLING it TOGETHER

not possible to make extremely drastic changes in just one year, so slight changes were made in hopes that years to come will continue the evolution of Carlynton's *Reflections* Yearbook in the same positive direction.

In closing, as readers leaf through this book, it should be noted that although a lot of work went into it, nothing is perfect and you can't make everybody happy.

Parkway West A.V.T.S. gives kids in grades 10-12 an opportunity to further their education. Students involved take a bus to Parkway West in the morning and return to Carlynton High School later in the day, every day. At Parkway, there are many

different classes to participate in. Classes include Masonry, Carpentry, Air conditioning, Secretarial, Computer Technology, Airline, Travel & Tourism, Health Assistant, Auto Mechanics, Protective Services, Machine Shop, Graphic Arts, Drafting, Electronics, Food Service and, last but not least, Cosmetology. Controversy & Carlynton Inauguration 2001

Inauguration Trip

The eight-year reign of Pres. Clinton came to an end as President George W. Bush took over the White House. This year's Inauguration was one to remember. With all the controversy over Florida's counting game, to what tie looked better with what suit, the Inauguration was a trip worth taking. This year's seniors and juniors got to experience Washington D.C. at its best. Some places on the itinerary were the Capitol building, as many of the Smithsonians as we could possibly fit in, various Memorials, and Arlington Cemetery.

Some memorable moments of the trip were staying at Motel 6, eating at McGuel's every morning, and the production of "Those Magic Moments." D.C. was a lot of fun, and it brought the students and teachers together. The trip proved to show different sides of both the adults and the students.

If there is a chance for another trip four years from now, anyone reading this article should definitely go. It is a great experience and it gets you out of school for two days!

VARSITY FOOTBALL STRIVING TO NEW HEIGHTS!

Here we go Carlynton, here we go! This year's football season was once again nothing less than interesting. Football games included laughter in the stands, the band playing familiar tunes, and the smell of school spirit in the air. The Carlynton Cougars played in an AA section that meant that they competed against teams such as Sto-Rox, Jeannette, Charleroi, Quaker Valley, Beth Center, Brownsville, Washington, Waynesburg, Seton LaSalle and Burgettstown. The Cougars put up a good fight this year and improved in many aspects of the game. Senior Anthony Di Pietro says, "I'll miss the team. They were like my brothers and have become a big part of my life." Good luck to the football team next year, and farewell to the seniors leaving this year. Go Cougars!

The Junior High Carlynton football team was made of only 7th and 8th graders this year, rather than 7th, 8th, and 9th graders, as it was last year. And it was a much better season this year, even though they only won a few games. The team started out the year with quarterback Matt Irwin, but then Bruce Goolsby took over later. Coaches were Daryl and Darren Kennedy. Midway through the season, Mr. Szczypinski came on board as a third coach to help the linemen. Even though the team was much smaller than all the other

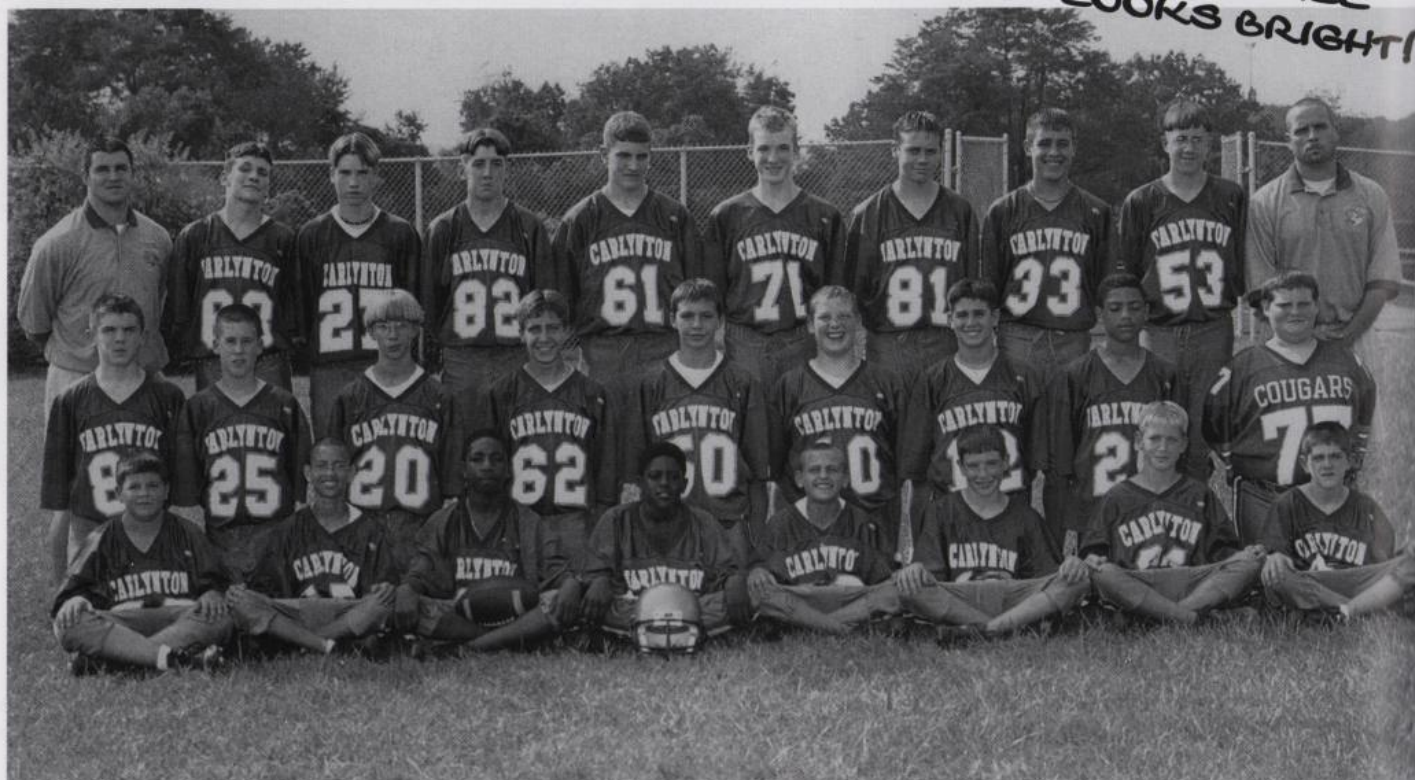

JUNIOR HIGH FOOTBALL

teams, both in team size and in the physical stature of the players, they were still tough, and so able to earn those few wins. If nothing else the season will provide excellent experience in conditioning, playing, competition, and

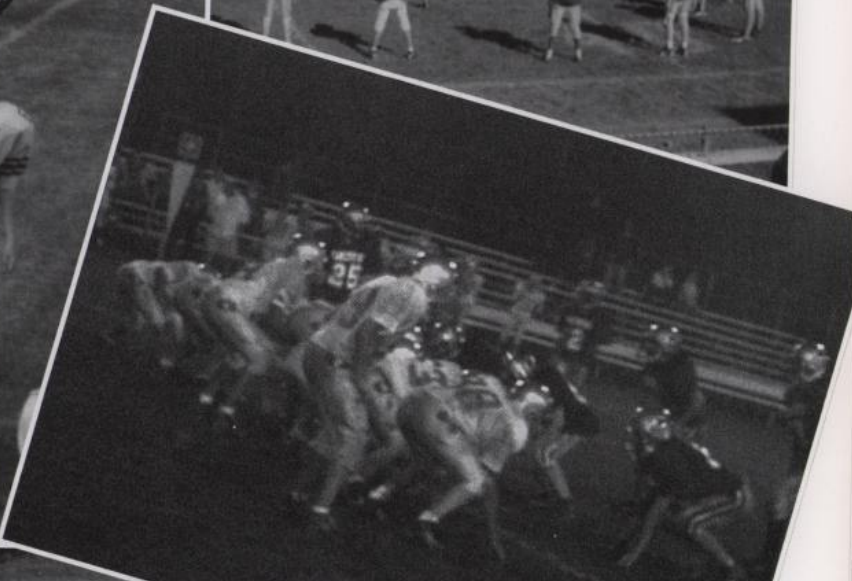

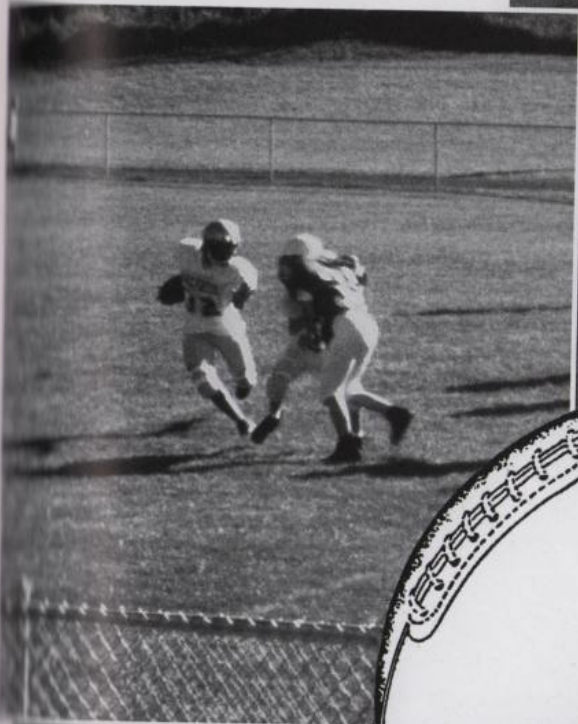

most important, team work..all good building blocks for next year's teams, both at this level and further on up in the Carlynton football organization.

the SPIRIT

The varsity cheerleaders put pride back into C.H.S.

Every year in April, varsity cheerleading tryouts are held for the upcoming year. This year, five new sophomores made the squad, which then headed off to camp at nearby University of Pitt Greensburg. They came home from the three days with a first-place original routine trophy, countless spirit ribbons, the MINI-MEG, and the first-ever GIANT MEG! For the rest of the summer, the cheerleaders worked hard practicing for the Kennywood competition. In August, the cheerleaders returned from Kennywood with an outstanding 4th place finish. By the time football season rolled around, they had been working hard all summer. Though the team didn't do as well as everyone would have liked, the squad still had a great time cheering for them and was proud of their accomplishments. As fast as football season went, basketball went even faster. Before they knew it, the cheerleaders were cheering at their last few games. As sad as it is to see the end of something great, it is exciting to look forward to something new. The year as a whole was a success for the Carlynton Varsity Cheerleading squad. Next year, one can only hope that the success and greatness left by this year's seniors carries on.

The Junior high cheerleaders beam with spirit.

Wow! It's here-- our freshman year. As we move up and look back on the years, we can appreciate all the help and experience we learned and shared. Those who were captains learned how to work together and be leaders. The girls who participated in this year's Junior High Cheerleading, learned teamwork and discipline. It was fun while it lasted, but we must say goodbye to the good times and focus on next year's tryouts. So, to the eighth graders moving up, enjoy it girls. It goes so fast. Hey, seventh graders, hope you had a good first year. Good luck to everyone who is trying out next year. You'll have a blast; just stick with it!

Marching To The Tune of a Different Drum

Marching Band

This band season was quite a change. We lost a lot of seniors and gained many new members of all ages. Mr. Denti (the new director) and Ms. Begg and Ms. Earls (the new auxiliary instructors) taught us a great half-time show with the help of Mr. Pedersen and Mr. Ferro. Beginning with band camp, we prepared for a great new season. We attended Kennywood for the fall fantasy parade, every football game, and many band festivals. Senior Night and Homecoming are always exciting games with some of the most memorable moments. Even after football season, we still had a few parades and even a trip to Cedar Point this year. This season helped form many

friendships and created lifelong memories - Julie Green

Silks & Cougarettes

▶ Marching in parades is a major responsibility of the Cougarettes and Silks.

This band season brought many new twists for the Cougarettes and Silks. This year's Cougarettes were led by Tabitha Caine, and the Silks were led by Megan Murrman and Patti Kelton. Two new things about this year's band season were the help of Ms. Begg instructing the Cougarettes, and Ms. Earls

instructing the Silks. The Cougarettes learned the use of hoop batons, and both Silks and Cougarettes used smaller flags called swing flags. Also, with the help of Ms. Begg, Ms. Earls, numerous sponsors, Band parents, and the school board, the Cougarettes and Silks were allowed to wear the old auxiliary uniforms to perform. The uniforms definitely had an

SETTING

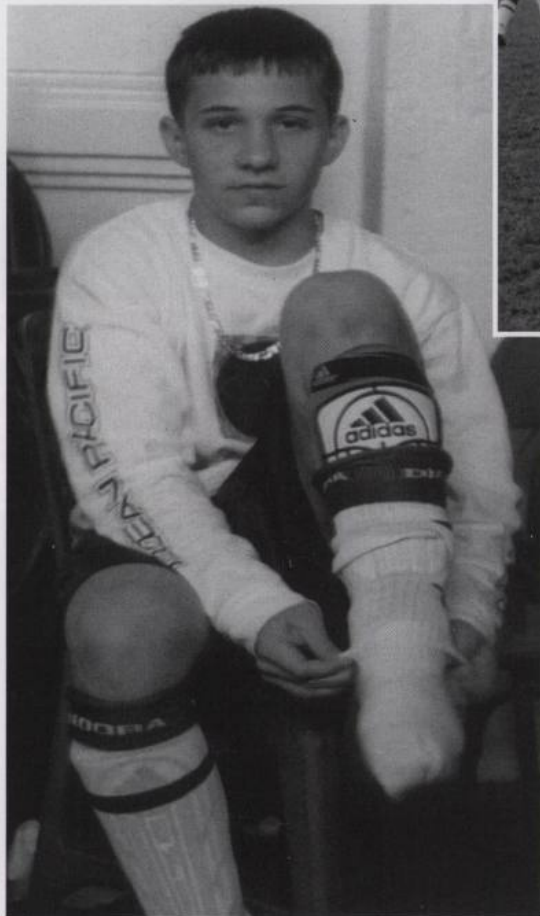

The 7th and 8th grade soccer team hits its mark.

This year, the Jr. High soccer team had a rough start, but in the end came out on top. Coach Luxbacher and Coach Roth helped the team improve greatly throughout the season. It changed from a team not expecting to win, to a team who ended up winning at least a few games. The record may not show an actual "winning" season, but the team definitely started towards the goal. Hopefully next year the team will continue with this streak and reach its goal, knowing that all it takes is a little teamwork and some practice.

Exceeding •T•H•E• LIMITS

The boys' soccer team goes beyond the best.

When the boys' soccer team first went to camp in August, they noticed that yet another assistant coach had joined the coaching staff, they were in a new section, and there were a lot of freshmen. These freshmen were joining a team with a good mix of talented and experienced players. The boys all had a goal: to win their section, return to the playoffs and have some fun with friends. And it was a great season. Unfortunately, there were a few unlucky games with Riverview and South Fayette. These games caused the boys to fall a bit short of their number-one goal.

Despite the losses, the boys still made it back to the playoffs. They beat Center at home, traveled to Neshannock and beat them on penalty kicks in overtime. "It was one of the most exciting games of our careers," said senior Steve Yaworski. A semi-final loss put the boys in a 3rd place match against Greensburg Central Catholic. They won this game and took a step up into the State Championships.

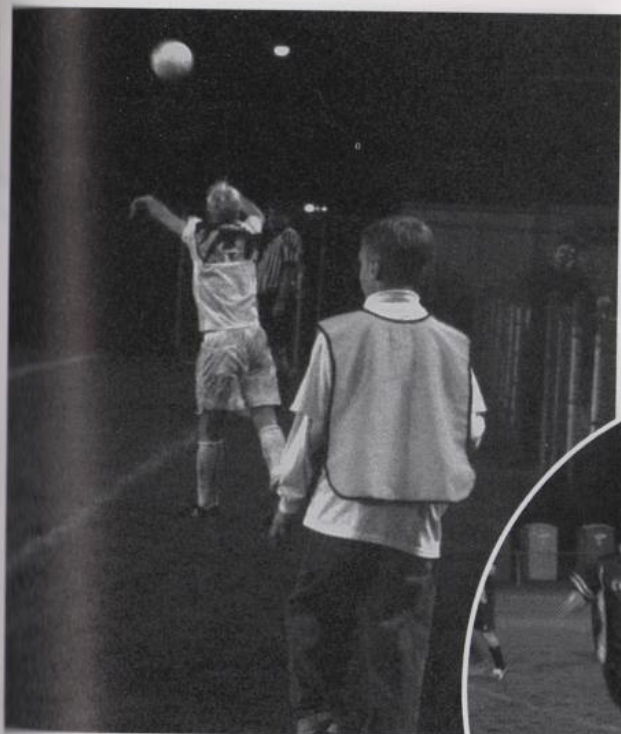

Overall, the season was one of the best ever, with 70 goals for and 27 goals against, 8 shutouts, placing 3rd in WPIAL Class A, and a first-ever trip to States. Hard work, getting along great as a team, and Bud's pre-game nachos helped the boys on the field and contributed immensely to their success. And a word of advice from the senior soccer players: "Remember those points, have a great season.....and KICK RIVERVIEW'S BUTT!!!"

IT'S LADIES NIGHT...
AND THE GIRLS' SOCCER
TEAM KNOWS EXACTLY
WHERE TO GO.

The 2000 Lady Cougar soccer team consisted of 17 players, 10 being seniors. Despite compiling a not-so-good record this season, the Lady Cougars certainly proved they were able to play with the best of them. This was evident in both games when they battled Charleroi. Despite Charleroi notching major victories over other teams, the Cougars were able to keep both games very close. This became one of the highlights of the season. With most of the team being seniors, next year will be yet again another milestone in the path of the Lady Cougars. Good luck to all of the graduating seniors as well as the returning players.

“Bump, set, spike! It’s a game called volleyball and we love it!” is one motto the volleyball team has used for years. This love for the game was about the only thing that stayed the same this year. The 2000 season brought many changes to the Carlynton girls’ volleyball team. For starters, this title was no longer appropriate-- two boys joined the team this year: J.T. Mendenhall and senior Gerard McDonough. Another change came in the coaching staff. A few weeks prior to the first practice, word came out that Mrs. Patsko, the varsity volleyball coach since the beginning of the program at Carlynton five years ago, would not be returning.

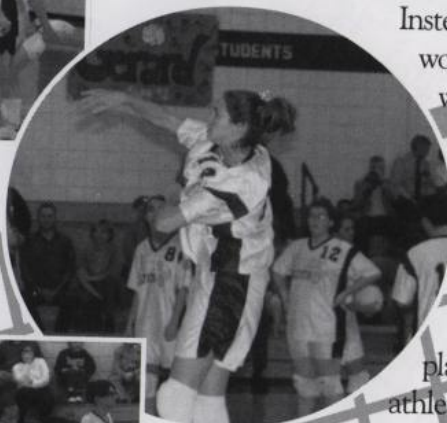

▲ Coach Berlingeri gives the team some pointers as they clap together to pump up the enthusiasm.

▲ The varsity team knows the importance of stretching out before a game.

► Kirsten Eberlein was the only ninth grader to earn a varsity position this year.

Instead, Mrs. Berlingeri, the JV coach, would step up and take over the position with the help of Mrs. Winters as the new assistant coach. There was much more missing than the old coach, though: the year 2000 had graduated 14 seniors from the team, including all but two varsity spots and three JV players. Since the remaining athletes and coaches didn’t have much (if any) experience on a varsity level, this year was a learning experience. The record was not reflective of the team’s talent and it is hoped that next year, when a completely new coaching staff comes in, the team will remember and learn from past mistakes. -Deana Jirak

This year's girls' tennis season was great! It is one that hopefully the entire team will remember. Although the team only had three returning players (Mary Esch, Eileen Engan and Jenna Kolb) to lead the team and help all the new players who joined this year, the season went well. The overall record was 5 wins and 8 losses. In addition to so many new players, girls' tennis also had a new assistant coach, Mr. Ferrone. At the end of the season, Coach Vogt took the girls out to Dairy Queen to celebrate.

The 2000-2001 team was a fiesty one. Blood, sweat, and tears were their game and they loved every minute of it.

An era of Girls' Basketball is coming to an end. Over the years, Carlynton has watched a group of girls play and grow from their first junior high game to Senior Night. These girls continued their tradition of winning this year with the help of juniors Kristen Bonner and Jen Smith, and sisters, sophomore Ashley Revesz and freshman Lauren Revesz. Despite a close loss to rival Seton LaSalle in the beginning of the season, the girls rallied to compile a super record & became Section co-champs. Kacy broke Bonnie Rimkus' school scoring record (2,193) in the PIAA quarter playoff game against Serra, and finished with a new record of 2,238 points; Kristen scored her 1000th point. Alas, the season ended heartbreakingly with a loss to Vincentian in the finals, and the team was once again denied a trip to Hershey. But hats off to The Lady Cougars for a fantastic season, and good luck and high hopes for the future!

▼ Sarah Medwig, Marissa Collincini, Traci McCall and Kayla Valentine are proud 8th graders hoping for big things in their future CHS basketball careers.

The junior high girls' basketball team, consisting of both seventh and eighth graders, had a season of growth and improvement. The junior varsity team finished with a record of 9-4, and varsity, 7-6. The Varsity team went to the playoffs, but lost their first game to Ft. Cherry and was eliminated; but the girls improved greatly throughout the season with the help of the hard-working coaches Joyce and Bonner. These coaches worked with the girls to win, and though they sometimes lost, it usually wasn't by much. The girls practiced every day the entire season on ball handling, shooting, and passing, which helped them improve on the court. Off the court, friendships were developed and there was always the excitement of another day, another game. It was a great season and a good time. Good luck to all future players.

7th & 8th Grade Boys

The 7th grade boys' basketball team battled through its season, but had a losing record. Even though this was their first year up at the high school, they did an excellent job playing at that level. Players learned the value of hard work, dedication and practice and gained valuable experience for next year. The team ended the season on a high note, with a win over Cornell.

The 8th grade team had an outstanding season, with a great record, including wins over Avonworth, Northgate and Quaker Valley. They also defeated Cornell in the last game of the season, and went on to the playoffs, where they beat Ft. Cherry, 38-35, but then lost in the 2nd round. The team thus has the satisfaction of a job well done and much hope for next year's J.V. and Varsity teams.

Can't Hide The Pride

The boys' basketball team has spirit written all over it.

This year, the boys' basketball team came up with not a lot of wins, but tons of pride. Despite the fact that the boys may have not been the best team in the WPIAL, they still had an immense amount of talent. Returning seniors were Mickey Braithwaite, Sean McQuillan, Marvin Prescott and Steve Yaworski. They were joined by Jason Goldie, who was an excellent addition to the team. These seniors led the pack and helped give the rest of the team more experience with each game.

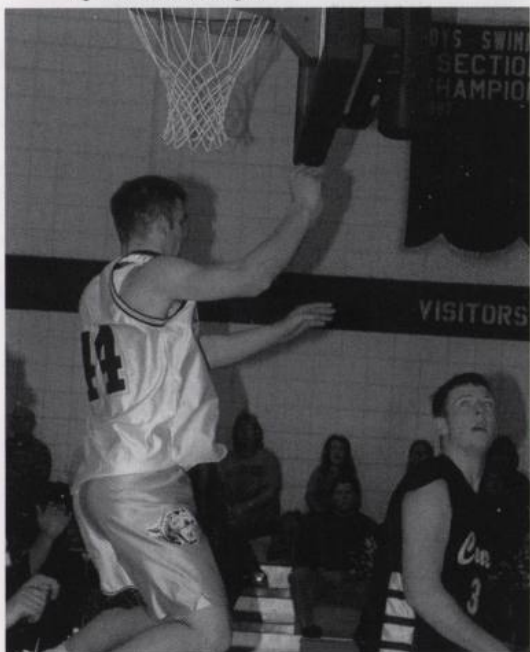

The team fought some tough battles, such as against Canevin. Despite the fact that they lost, the fans were still incredibly proud of them and their accomplishments. Carlynton feels that way not just about that game, but about the whole team.

Next year, the team will have many returning players and the Cougars are guaranteed a great squad. Good luck in the future!

Diving Team

It's five o'clock in the morning and the alarm goes off. Most people would roll over, hit the snooze button, then get another hour of sleep. If you are on the swim team, however, the snooze button is a mere memory for you. Morning swim practice is just a small price to pay to be a part of one of the most successful teams in the school.

This year, a lot of new talent was added to the lineup. Many freshmen helped give the upper classmen a break after years of having pressure on them.

For the past few years, the swim team has been successful in section and non-section meets. This year was no exception. The girls finished fourth overall in the section and the boys' team finished third.

Another major perk for this year's team was the addition of skip days. This has never been a part of the swim team's agenda, and the team took advantage of getting a few days to go home after school and sleep.

To finish off the season, the fastest members of the team compete in the WPIAL swim meet. Every girls' and boys' relay qualified this year, as well as a few individuals. Good luck to the future teams and thanks to this year's swim team for all the memories!

"Don't Call It A Comeback"

Let's face it, wrestling is not exactly the most popular sport here at Carlynton. This year, however, the sport made a big comeback. This year's wrestling team under Coach Harris won their first match in nine years. Five wrestlers even made it to the WPIAL championship! Josh Valentine placed second and Jamal Hatcher placed fourth. Some matches were tough, but this year's team pulled through and had a great year with the help of some practice, commitment, and team spirit

Computer skills are required in more jobs than ever before, and this number is sure to grow in the future. At Carlynton, students are prepared to meet these qualifications with a variety of classes on the subject. Here, Mrs. Nazar teaches seventh graders how to type- a staple in modern society.

Carlynton's teachers are *Better Than* EVER!

The students at Carlynton all feel very differently about school. Some of us feel that it stinks. We hate the homework, the studying, the tests and pop quizzes. On the other hand, some of us like school and enjoy learning about new discoveries in science or finally understanding the side-angle-side of a triangle in geometry. Despite the vast differences in students' opinions on learning, one thing is quite clear about Carlynton. With each year, the staff of brilliant educators grows more and more fabulous.

Teachers at Carlynton are reaching out in multiple ways and not just inside their classrooms. Each day, it is easy to find a teacher leaning over the shoulder of a student who is looking for some extra help. The tiny little windows in each classroom door are windows to view a world of learning when a class is in session. Although every student may not be interested in what is being taught, most teachers make it difficult for their attention to wander elsewhere.

Carlynton's teachers know that not every student can learn by being restricted to a classroom every day. More and more field trips are occurring these days, with teachers planning trips to take their students to plays, ponds and even the President's home! Students get a chance to break free from the desks and chalkboards and get a firsthand look at

The teachers at Carlynton not only teach and educate us, but they make a strong effort to be our friends.

-Megan Murrman

the current classroom topic. As eyes look and ears listen to facts while on a field trip, a teacher is not far behind doing just the same. It is great to know that our teachers never stop learning. They are still hungry to know more so that they can take that information and give it back to students in the future.

Beyond the vivid instruction and wide-eyed learning, it is widely believed that the best thing about Carlynton's educators is that they are not just our teachers, but our friends. More often than not you can see a teacher and a student in the hallway immersed in a deep conversation about what went on the past weekend, or a pair laughing and joking during a study hall about another funny occurrence. It is most likely that when a student finally leaves Carlynton High School, it will be with the address or telephone number of more than one teacher.

As time passes, old teachers will leave and new teachers will come. However, students of Carlynton will always remember how much they learned in high school from teachers who cared not just about class, but them. Whether it be Mrs. Petronsky's wonderful love for literature, Mr. Perrin's amazing way of redefining history, or Mrs. Lear's crazy methods of getting us to sing out, one thing is known about all CHS teachers: they are better than ever.

▲ Mr. Usher takes time out of his busy schedule to listen to the ideas of an 8th grade classroom.

The Newcomers

This is it: the year we all have been waiting for or wishing would never come. When we left grade school we reached new heights, both physically and mentally. Our new school provides more mature surroundings, responsibilities, and people to meet. We even have new names like "little seventh graders," "young bucks," and "little kids." We

have to learn from the older students, then take our turn and teach the younger kids. Next year is just around the corner, and this is only one of six years that will be filled with great memories.

▶ "A-6," Marie Kuhns chooses a bag of chips to go along with her can of Surge. It looks like she has a great lunch today!

Somewhere In Between

We don't have an established name yet, but at least we are no longer "the little seventh graders." Our grade is caught between freshman and the seventh grade. But next year, things will change. Things are going to be different. This time in our lives is exciting, yet frightening all at once. Eighth grade is filled with new opportunities and more challenges than seventh grade. However, we will live through it. One of the best characteristics of our grade is that we can and will live through anything.

The Tale of the Freshman

Ninth grade is an important stepping stone in our lives. We have gone through many changes since seventh and eighth grade. Our freshman year is the year that we start to think about our future, and what we want to do with our lives. Throughout this year we set standards, and worked hard to live up to them. In years past, we have learned to make the best of all

that is given to us, because starting this year, everything counts. During our last three years at Carlynton High School, our friendships have grown stronger and we've realized that many more obstacles are ahead. Freshman year was the beginning of the most memorable years of our lives, so we made the best of it. - Leah Bassano,

Class of 2003: The Dreamers

Finally, our sophomore year had arrived, bringing new opportunities and challenges. For the first time, we were invited to attend Homecoming, Prom, and Parkway, allowing us to be a part of the senior high activities. Old friendships have evolved and new ones have grown stronger. Our grade was faced with harder classes and more responsibilities. This year taught us how to show off everything that we can do. We are the class of 2003: the class who will never give up on their dreams. Only two more years are left for us at Carlynton, and then we will enter a whole new world of opportunities. We will be ready to take on the world, and every one of us will become successful in what we do. The sophomore class is ready for what awaits us, and wants everyone to know that we will try our hardest to be the best.

▲ Although some friendships fade, it is obvious that these sophomore girls will be close for a long time. Christine Pencosky, Danielle Falcioni, and Sara Kate Grega define what best friends are.

▲ Amy Kleer and Brittany Mente prove they can still be beautiful at 7:30 in the morning.

▲ "Hurry, here he comes!" Kristen Shorts urges Mike Shepis to hurry up and finish his science project before Mr. Muraco notices he's not working on his art project.

▲ Demonstrating the excellent benefits of cherry lip gloss are Natalia Sorco, Fiona McClorey, and Danielle Uffelman. Don't forget to reapply on the hour girls!

▲ Counting the minutes until the period is over are Nicole Broglie and Erika Allen, who decide to pass the remaining time by flashing a grin.

One More Year To Go

With five years and one to go, we are slowly bringing our years at Carlynton to an end. However, even though we are graduating next year, we still have so much further to go and so many things left to do. The junior class has proven that we have a reputation all our own. Over the years we have been presented with many chal-

lenges, while growing and maturing along the way. Carlynton has given us the opportunity to determine who we are and where we want to go in the future. Our junior year has consisted of strengthening friendships, making new memories, and just enjoying ourselves while having some of the best times of our lives.

▼ Ryan Mangis and Justin Riley play a lively game of paper football to relieve the stress of their school day.

▲ Lots of giggling can always be heard coming from Jenn Smith, Drew Sakai, Stephanie Walnoha, Teresa Torchia, Nicolette Fettig, Julie Jones, Jessica Dyczewski, Sarah Valentine, and Ashley Ferris during first lunch.

► Betsy Shields, Stephanie Walnoha,

Brittney Gillison, and Frits Bigham show off their junior pride with their own version of sign language.

► Liz Rogers uses study hall time to write a note to her best friend about the latest gossip. Gossip spreads quickly around Carlynton so everyone has to be careful so they aren't the next subject of such a note.

► Well, Pat Sweeney, you know what they say-- you are what you eat!

► Adam Muszalski gives in to his sweet tooth and buys Swedish Fish.

► Kristin Aul, J.T. Mendenhall, Dave Hickling, Bob Becker, and Joanna Meinen work together on a class project. Working together to reach a common goal teaches cooperation and teamwork skills that will serve these CHS students well in their future careers.

GRADERS

Dear Junior,

As our senior year ends, your senior year is just beginning. You might think that being a senior is all fun and games, but trust me...it's not. Your senior year is filled with challenges, and changes. Not only will you be expected to be a model student for the underclassmen, you will also have the pressures of college applications, grades, sports, and extra-curricular activities. Let's face it, it is not easy to be a junior, let alone a senior. But, I do have a little advice to help you out.

First off, never forget who you are. At times you will be tempted to change your ways to fit in; don't believe the hype. Secondly, try your best. It is one thing if you try and fail and it's another when you don't try at all. When you get to college, no one is going to care how popular you were in high school, they will only want to hear of your achievements. And finally, recognize your friends. Some friends come and go, but true friends stick with you through thick and thin. Take a look at those around you, and notice their good qualities for who they are as people, not by their popularity status or their academic talents. Realize you will only have one or two truly good friends through your life-- make sure to hold on to them.

Juniors, your time has come. Make the best of your senior year. Have fun, but be smart about it. Don't let "senioritis" sink in. This is your time to shine, so let it be known that you are the class of 2002.

Peace out,
A Senior

► Carlynton is all about making lasting friendships and Steve Skiba and Patty Kelton will definitely remain good friends no matter what they go through.

▲ Senior girls Nikki Herman, Nicole Dawson, Stephanie Powell, Stephanie Pinelli, Kacy O'Brien, Kim Steiner, Joanna Abel and Jaimee Popivchak take a break from their lunch to show their tight bond of friendship.

▼ Best friends Emily Aleski and Bridget Herrmann grin in anticipation of the Homecoming half-time ceremonies. They will stay friends for years to come.

◀ "Lean on me. When you're not strong. I'll be your friend." Julie Lewis and Kellie Tolkacevic show the true meaning behind that song: friendship.

▲ Ms. Begg shows off some of the senior class hotties-- Steve Skiba and Mike Geinzer-- while discussing the stock market.

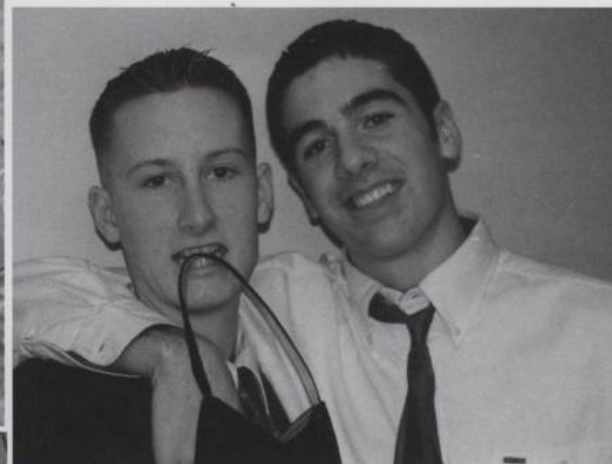

▲ Ed Pockl hard at work, or so he wants us to think. Hope he didn't catch a bad case of senioritis.

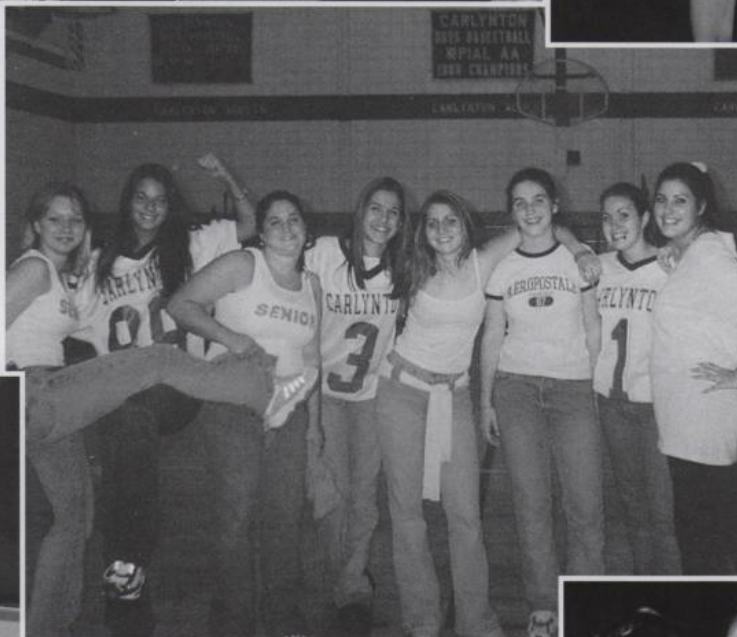

◀ Class sweethearts Mary Brown and Joe Rynn strategically place the streamers for senior night around the banisters at Honus Wagner Stadium. What's the sour-puss tongue for, Mary? Hope Joe didn't say something wrong....again!

▲ Steve Counihan and David Wholey hold each other close at the Homecoming dance. Do Jen and Stephanie know about this, boys?

► Getting psyched up before the senior girls' dances, Kim Steiner, Chelsea Falcioni, Bridget Herrmann, Jaimee Popivchak, Kayla Notaro, Julie Sanchas, Jaime Cyprowski and Stephanie Pinelli know this will be the best senior pep rally ever.

▼ These studious and intelligent seniors show how proud they are to be a part of the National Honor Society. Deana Jirak, Brian McMahon, Tara Wilmus, Katie Meacci and Chad Kolarcik are happy to be inducted for their final year.

▲ Senior Pam Whitaker displays her love for trigonometry. All the girls feel that way about Mr. Jones.

▲ Amanda Ambrozic looks rather chipper for breakfast. It must be the caffeine in those breakfast sandwiches!

Robbie

We have watched you grow from a sweet innocent child into the handsome, talented young man you are today. We are so very proud of you.

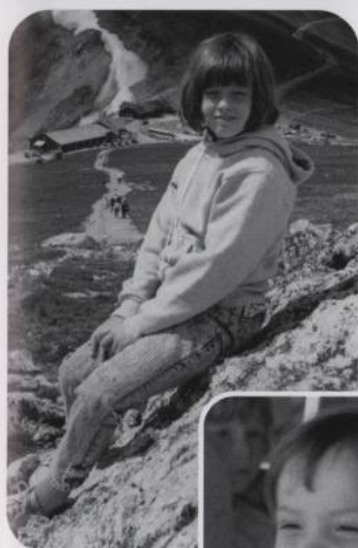

Now, as you enter your adult years, take the many lessons of your youth to continue to mold yourself through your life. Thank God each day for the many gifts he has given to you. Remember to appreciate this beautiful world and share your many gifts in return.

We know you will make yourself proud and we will continue to share in your pride with you. You are so very special to us. We love you.

Mickey. A baby boy.

Oh what a joy!

Sometimes a little sensitive,

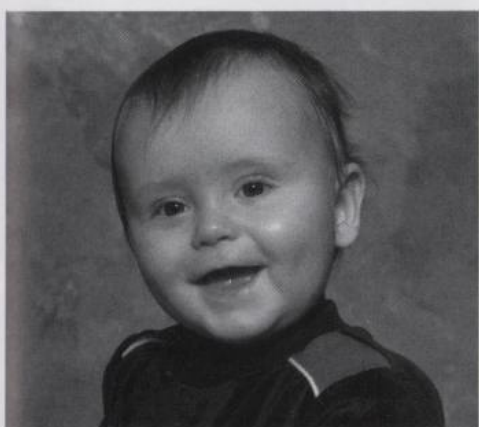

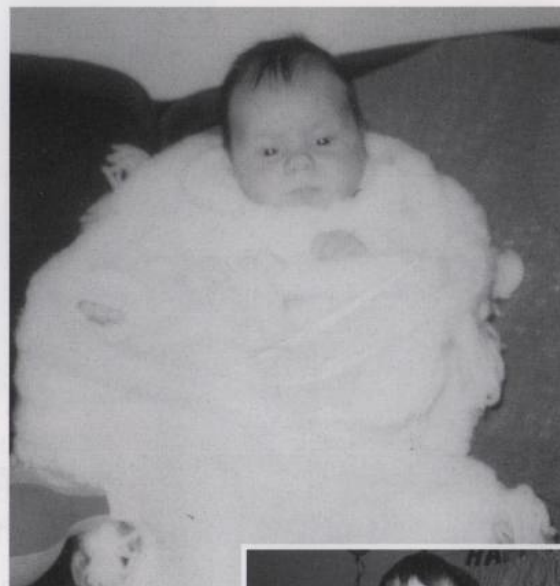

Sometimes a little shy...

We hope you know,

We're so proud of our big guy!!!

Stephen,

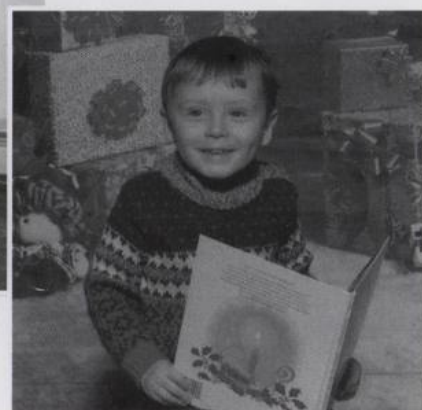

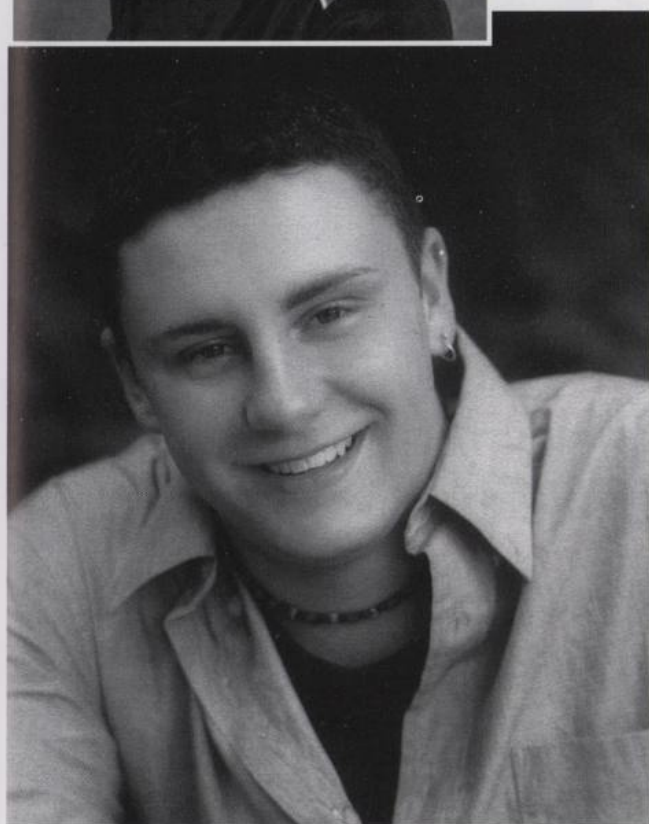

The years went by so quickly. Your family is so proud of you in everything you have done, from the Musicals, Peer Helpers, and B.A.B.E.S. You truly are our shining star. May happiness follow you always wherever life may lead you.

*Love,
Mom, Dad,
Lauren, Winkles*

P.S. God did spend a little more time on you! Wishing you the best in all your future dreams!

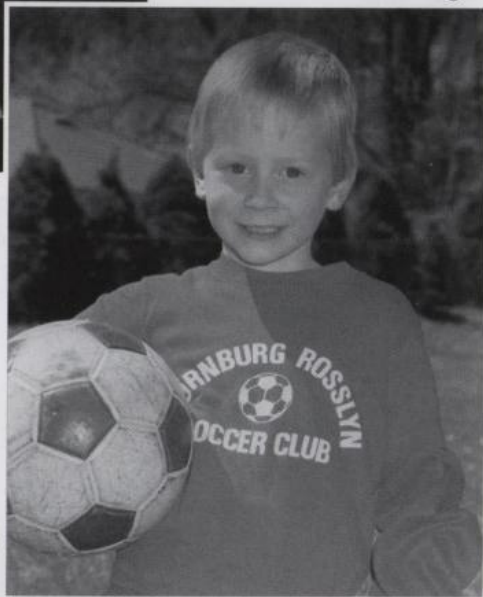

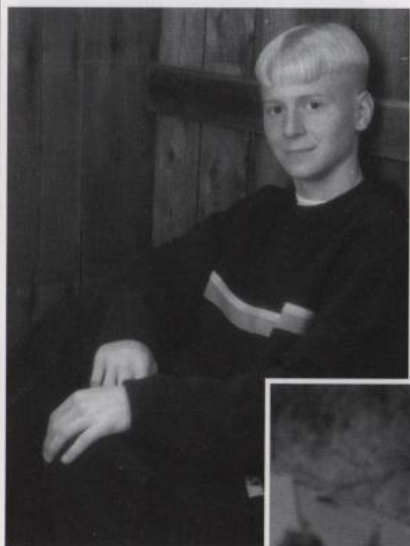

Ryan:

How the years have flown by. We watched you play soccer as a 5-year-old who would rather pick flowers than kick the ball, to a young man who played big in every game. You have given us much to be proud of over the years, not only in soccer, but in your educational endeavors, and your personal growth as a man. Thank you for the memories and letting us be part of it all. We are sure you will succeed in the future, wherever your path may

lead. Good luck and have fun.

**We Love you,
Dad, Mom,
and Lanny**

..... and last, but not least..... **Joseph!**.....
the "caboose" of the Rynn train!

We are honored to call you our son. You have made us so proud and happy! Our wish for you is a future filled with good friends, good health, good fortune, and God's blessings!

**Love,
& Dad
& Mom**

Stephen,

You have been a joy since we first met. Now you get to try your wings and reap the rewards of your hard work -- you are going to Miami, not on spring break, but for the whole time. Sand, surf, dolphins and sun, don't forget to keep up the good work.

**Love
& laughter,**

**Mom,
Dad,
Stephanie,
& Murphy**

Tabitha,

From the day that you were born you have brought a light in our lives. You are precious to us beyond belief. Reach for your dreams, strive to reach your potential. Remember always that you are loved!

Wisdom is the prime thing. Acquire wisdom; and with all that you acquire, acquire understanding. Highly esteem it, and it will exalt you. It will glorify you because you embrace it. To your head it will give a wreath of charm; a crown of beauty it will bestow upon you.

A DADDY'S LOVE

To my Daughter Rachael,

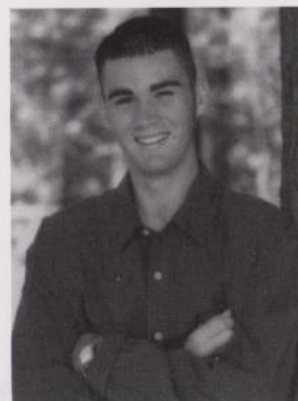

Circumstances took you from me,
at such an early age.

I didn't always see,
your work from page to page,
or the silly things you did
when you were just a kid.

I was the Dad that lived next door.
And you my baby girl,
will always be the child I cherish and adore.

I see standing before me
so beautiful and tall
The wonderful person you've become
with triumphs big and small.

WITH ALL MY LOVE TO MY BABY GIRL,
DADDY

**How quickly
the years have
passed that
changed this
little boy into a
fine young man
May all your
dreams come
true.**

**Love,
Mom, Dad,
Heather
& Caitlin**
