ALUMNI DIRECTORY

Classes of 1899 to 1956 Inclusive

FOREWORD

This directory is not so good as we thought it would be—before we tried to do it; but it is not so bad as we feared it would be—after we discovered what a big thing it was that we had tackled. Tracking down the alumni of fifty-seven graduating classes is not an easy task, and we know there are places where we fell down. One thing that we discovered is that this is no job for school children. Any directory that may ever be done in the future should be handled entirely by committees from the classes themselves. In this way, not only will an efficient job be done, but there will also be a minimum of public suffering. We hope you will forgive our errors of omission and commission.

Grateful acknowledgements are made to Ruth Fulton Nirella for her work on the Class of 1933; to Irene Popivchak Shiwarski and the mail carriers from the Carnegie Post Office for their work on the Class of 1939; to LaRue Sentner Story and her committee for the Class of 1941; to Betty Chirumbole for work on the Class of 1946; to Thelma Double Johnson for the Class of 1951, and to Genevieve Guerriero for the Class of 1953. We deeply appreciate the patience and helpfulness of many parents and relatives who helped us in assembling our countless items of information.

The address given is the last known address.
